

### **Mankato Clinic Cost Level Change**

The State Employee Group Insurance Program (SEGIP) has recently finalized negotiations with the Mankato Clinic to move the Clinic from Cost Level 3 to Cost Level 2 effective March 1, 2014. This change is effective for the health plans that administer the Minnesota Advantage Health Plan – Blue Cross Blue Shield, HealthPartners and PreferredOne. Members currently in Cost Level 3 will automatically be moved to Cost Level 2 and new membership cards will be issued by the plan administrators.

***This change affects both the executive and judicial branches.***

Mankato Clinic will communicate this change via a letter to current primary care clinic membership.
