Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.” **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Statutory Authority. Minnesota Statutes, section 326B.32, establishes the Minnesota Board of Electricity and the powers and duties of the board, among other things. Specifically, Minnesota Statutes, section 326B.32, subdivision 2(a) (3) (2025), provides the power and authority for the Board to adopt the Minnesota Electrical Code, which must be the most current edition of the National Electrical Code (“NEC”), and any amendments thereto.

The statement of need and reasonableness (“SONAR”) contains a summary of the justification for the proposed rules, a description of who will be affected by the proposed rules, and an estimate of the probable cost of the proposed rules. You may review or obtain copies of the SONAR by contacting the agency contact person. The SONAR may also be viewed at: <https://www.dli.mn.gov/about-department/rulemaking/rulemaking-docket-minnesota-rules-chapter-1315>

Your comment must be in writing and received by the due date. Your comment should identify the portion of the proposed rules addressed, the reason for the comment, and any changes you propose. Any comments that you have about the legality of the proposed rules must be made during this comment period. All evidence that you present should relate to the proposed rules. If the proposed rules affect you in any way, the agency encourages you to participate. All comments and responses received are public data and will be available for review by all.

Submit written comments to the Department contact person listed above, via email at dli.rules@state.mn.us, or by U.S. Mail addressed to Krystle Conley, Minnesota Department of Labor and Industry, 443 Lafayette Road N., Saint Paul, Minnesota 55155.

Request for a Hearing. In addition to submitting comments, you may also request that the agency hold a public hearing on the rules. You must make your request for a public hearing in writing by **4:30 p.m. on Wednesday, June 3, 2026**. You must include your name and address in your written request for hearing. You must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules. Any request that does not comply with

Proposed Rules

these requirements is not valid and the agency cannot count it when determining whether it must hold a public hearing.

Withdrawal of Requests. If 25 or more persons submit a valid written request for a hearing, the agency will hold a public hearing unless a sufficient number of persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to bring about the withdrawal, and ask for written comments on this action. If the agency is required to hold a public hearing, it will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

Cancellation of Hearing. The agency will cancel the hearing scheduled for June 17, 2026, if the agency does not receive requests for a hearing from 25 or more persons. If you requested a public hearing, the agency will notify you before the scheduled hearing whether the hearing will be held. You may also call the agency contact person at 651-284-5315 June 3, 2026, to find out whether the hearing will be held. On the scheduled day, you may check for whether the hearing will be held by calling 651-284-5006 or going online at <https://www.dli.mn.gov/about-department/rulemaking/rulemaking-docket-minnesota-rules-chapter-1315>

Notice of Hearing. If 25 or more persons submit valid written requests for a public hearing on the rules, the Board will hold a hearing following the procedures in *Minnesota Statutes*, sections 14.131 to 14.20. The Board will hold the hearing on the date and at the time and place listed above. The hearing will continue until 4:30 p.m. or until all interested persons have been heard, whichever occurs first. Administrative Law Judge James Mortenson is assigned to conduct the hearing. Judge Mortenson can be reached by contacting William Moore, Rules Coordinator, Court of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone 651-361-7893, or at william.t.moore@state.mn.us.

Hearing Procedure. If the Board holds a hearing, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views orally at the hearing or in writing at any time before the hearing record closes. All evidence presented should relate to the proposed rules.

You may also submit written material to the Administrative Law Judge to be recorded in the hearing record for five working days after the public hearing ends. At the hearing, the Administrative Law Judge may order this five-day comment period extended for a longer period but for no more than 20 working days.

After the comment period, there is a five-day rebuttal period when the Board and any interested person may respond in writing to any new information submitted. No one may submit new evidence during the five-day rebuttal period.

The Court of Administrative Hearings must receive all hearing comments and responses submitted to the Administrative Law Judge via the *Court of Administrative Hearings Rulemaking eComments website* (<https://mn.gov/oah/forms-and-filing/ecomments/>) no later than 4:30 p.m. on the due date. If using the eComments website is not possible, you may submit post-hearing comments in person or via United States mail addressed to Judge Mortenson at the address listed above. All comments or responses received are public data and will be available for review on the eComments website.

This rule hearing procedure is governed by *Minnesota Rules*, parts 1400.2000 to 1400.2240, and *Minnesota Statutes*, sections 14.131 to 14.20. You may direct questions about the procedure to the Administrative Law Judge, through William Moore, the Court of Administrative Hearing's rules coordinator listed above.

Modifications. The Board may modify the proposed rules either as a result of public comment or as a result of the rule hearing process. It must support modifications by data and views submitted during the public comment and rule hearing process. The adopted rules may not be substantially different than these proposed rules unless the Board follows the procedure under *Minnesota Rules*, part 1400.2110. If the final rules are identical to the rules originally published in the *State Register*, the agency will publish a notice of adoption in the *State Register*. If the final rules are different from the rules originally published in the *State Register*, the Board must publish a copy of the changes in the *State Register*.

Proposed Rules

Adoption Procedure if No Hearing. If no hearing is required, the Board may adopt the rules after the end of the comment period. The Board will submit the rules and supporting documents to the Court of Administrative Hearings for a legal review. You may ask to be notified of the date the rules are submitted to the office. If you want to receive notice of that submission, receive a copy of the adopted rules, or to register with the Board to receive notice of future rule proceedings, then please submit your request to the agency contact person listed above.

Adoption Procedure after a Hearing. If a hearing is held, after the close of the hearing record, the Administrative Law Judge will issue a report on the proposed rules. You may ask to be notified of the date that the Administrative Law Judge's report will become available and can make this request at the hearing or in writing to the Administrative Law Judge. You may also ask to be notified of the date that the Board adopts the rules, and the rules are filed with the Secretary of State or register with the Board to receive notice of future rule proceedings by requesting this at the hearing or by writing to the agency contact person stated above.

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You may direct questions about this requirement to the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

Order. I order that the rulemaking hearing be held at the date, time, and location listed above.

Expedited Rules

The Minnesota Legislature allows for some agencies to use an expedited rulemaking process. Expedited rulemaking allows state agencies to adopt, amend or repeal rules faster than the standard process, generally without a public hearing. The agency must publish notice of the proposed rule in the *State Register* and must mail the notice by United States mail or electronic mail to persons who have registered with the agency to receive mailed notices (*Minnesota Statutes* §14.389). There must be a 30-day comment period after the notice is published in the *State Register*.

Before publication of the final rule in the *State Register*, the agency must submit the rule to an administrative law judge in the Court of Administrative Hearings. The administrative law judge shall within 14 days approve or disapprove the rule as to its legality and its form to the extent the form relates to legality. If the final rule is approved by the administrative law judge, it can then be published in the *State Register*. The rule is effective upon publication in the *State Register* (*Minnesota Statutes* §14.389).

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency’s rulemaking authority.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: Mille Lacs Lake Fishing Regulations

Notice is hereby given that the above-entitled rules have been adopted through the process prescribed by Minn. Stat. § 84.027, subd. 13(b) authorizing the commissioner to use the expedited emergency rule pursuant to the commissioner’s authority if the available timeframe for rulemaking does not allow compliance with the rulemaking provisions of Minn. Stat. Ch. 14 or the emergency rulemaking procedures set forth in Minn. Stat. §§ 97A.0451 to 97A.0459. This rule is adopted pursuant to the authority set forth in Minn. Stat. § 97C.005, subd. 3 authorizing the commissioner to set seasons and limits, Minn. Stat. § 97A.045, subd. 2 giving the commissioner the general powers and duties to protect wild animals by reducing limits, and Minn. Stat. § 97C.401 requiring the commissioner to set walleye limits.

The conditions that do not allow compliance with Minn. Stat. Ch. 14 and Minn. Stat. §§ 97A.0451 to 97A.0459 are as follows:

1. Each year a harvestable surplus is set for walleye in Mille Lacs Lake pursuant to the procedures set forth in the

Expedited Emergency Rules

1996 Stipulated Settlement and Federal Consent Decree adopted by the Minnesota Federal District Court in 1997 settling *Minnesota v. Mille Lacs Band of Chippewa*, 526 U.S. 172 (1999). The harvestable surplus is the amount of fish that can be harvested safely from Mille Lacs Lake while ensuring sufficient remaining walleye in the lake for a healthy fishery. The harvestable surplus is then allocated between the State of Minnesota and the eight Chippewa Tribal Bands that were signatories of the 1837 Treaty, including the Mille Lacs Band of Ojibwe, Fond du Lac Band of Lake Superior Chippewa, and six Ojibwe Bands in Wisconsin pursuant to the 1837 Treaty (Bands). The state share of the harvestable surplus is determined in January of each year. Modeling of viable regulations and gathering public input is not completed until March. The harvestable surplus for 2026 is 185,000 pounds and the state's share of the harvestable surplus is 105,300 pounds.

2. Walleye angling regulations on Mille Lacs Lake are designed to maximize sustainable fishing and harvest opportunities while minimizing the likelihood of an unplanned closure of the fishery. Specific regulations were developed using applicable biological data, including the previous year's angler harvest, hooking mortality estimates, and walleye population status.
3. On a recurring annual basis, there is not enough time between the steps necessary to develop the recommended fishing regulations and the beginning of the open water angling season to set angling regulations following Minnesota Statutes, sections 14.05 through 14.36 or Minn. Stat. §§ 97A.0451 to 97A.0459 that govern the adoption of state rules.
4. Management of largemouth and smallmouth bass, northern pike, yellow perch, cisco, and burbot follow the same timeline and collaborative approach with the Bands as walleye management. Therefore, the same time constraints exist for setting angling regulations for bass, northern pike, yellow perch, cisco, and burbot.
5. At least five days prior to the effective date of changes to the fishing regulations as outlined herein, a notice will be posted on the DNR's website and at all public water access sites on Mille Lacs Lake.

Expedited Emergency Rules

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: Upper Red Lake Fishing

Notice is hereby given that the above-entitled rules have been adopted through the process prescribed by Minn. Stat. § 84.027, subd. 13(b) authorizing the commissioner to use the expedited emergency rule process pursuant to the commissioner's authority if the available timeframe for rulemaking does not allow compliance with the rulemaking provisions of Minn. Stat. Ch. 14 or the emergency rulemaking procedures set forth in Minn. Stat. §§ 97A.0451 to 97A.0459. This rule is adopted pursuant to the authority set forth in Minn. Stat. § 97C.005, subd. 3 authorizing the commissioner to set seasons and limits, Minn. Stat. § 97A.045, subd. 2 giving the commissioner the general powers and duties to protect wild animals by reducing limits, and Minn. Stat. § 97C.401 requiring the commissioner to set walleye limits.

The conditions that do not allow compliance with Minn. Stat. Ch. 14 and Minn. Stat. §§ 97A.0451 to 97A.0459 are as follows:

1. As a result of the joint efforts of the Minnesota Department of Natural Resources (DNR) and the Red Lake Band of Chippewa (Red Lake Band), the Red Lake walleye fishery has recovered after near collapse in the mid-1990s. Since the fishery's recovery, the Minnesota DNR, Red Lake Band, and the United States Bureau of Indian Affairs have jointly developed a harvest plan for Upper Red Lake and its tributaries in accordance with the requirements of their 1999 Memorandum of Understanding (MOU), as most recently revised in 2019.
2. In accordance with the harvest plan, a Target Harvest Range and Harvest Cap are set for the harvest year based upon the agreed upon spawning stock biomass of walleye, estimated by fall gill netting conducted in state and tribal waters. The MOU states that both the Minnesota DNR and the Red Lake Band agree to maintain walleye harvest levels within their respective annual Target Harvest Ranges and avoid exceeding their associated Harvest Cap. Walleye possession and size limits for state anglers must be adjusted in accordance with the MOU and harvest plan.
3. On a recurring annual basis, there is not enough time between the steps necessary to develop the recommended fishing regulation and the beginning of the open water angling season to set angling regulations following Minn. Stat. §§ 14.05 through 14.36 governing the adoption of state rules or Minn. Stat. §§ 97A.0451 through 97A.0459 governing the emergency rulemaking process.
4. At least five days prior to the effective date of changes to the fishing regulations as outlined herein, a notice will be posted on the DNR's website and at all public water access sites throughout Upper Red Lake and its tributaries.

REPEALER. The expedited emergency amendment to Minnesota Rules, part 6264.0400, subpart 59, published in the State Register, volume 49, page 1197, April 28, 2025, is repealed.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: Special Provisions for Keystone Woods Wildlife Management Area

Notice is hereby given that the above titled rule has been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the contents of this rule is *Minnesota Statutes*, sections 86A.06, 97A.137, subdivisions 1 and 2, and 97A.045, subdivision 2(a).

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are as follows. The Department of Natural Resources acquired and designated the Keystone Woods Wildlife Management Area in northern Washington County in the fall of 2024. There is a longstanding history of nontoxic ammunition use on the lands now comprising the Keystone Woods Wildlife Management Area when those lands were in private ownership. Preserving this history will prevent the use and dispersal of lead ammunition, which is toxic, can affect wildlife health and reproduction and is fatal when ingested at higher levels. Compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, does not provide sufficient time to complete permanent rulemaking under *Minnesota Statutes*, sections 14.22 to 14.28. Rules adopted under sections 97A.0451 to 97A.0459 are effective for a maximum of 360 days, which is less than the time required to complete the permanent rulemaking process. In contrast, the expedited emergency rule process under *Minnesota Statutes*, section 84.027, subdivision 13(b), provides an 18-month effective period, allowing sufficient time to complete permanent rulemaking. This expedited emergency rule ensures continuity of use while the Department of Natural Resources completes permanent rulemaking. This will increase the probability of meeting resource protection goals.

[For text of subparts 1 to 3, see Minnesota Rules]

[For text of subpart 4, see State Register, volume 49, page 392, and volume 50, page 45]

Subp. 4a. **Keystone Woods Wildlife Management Area; firearms restrictions.**

A. Individuals may possess only nontoxic ammunition on their person at Keystone Woods Wildlife Management Area in Washington County.

B. For purposes of this subpart, “nontoxic ammunition” means:

(1) steel shot;

(2) copper-plated, nickel-plated, or zinc-plated steel shot or projectile;

(3) shot made of other nontoxic material approved by the director of the United States Fish and Wildlife Service according to Code of Federal Regulations, title 50, section 20.21(j); or

(4) other projectile that does not contain lead.

C. Notwithstanding item A, a person who carries a pistol and possesses a valid permit under Minnesota Statutes, section 624.714, may possess ammunition that does not meet the requirements of item B, but the ammunition may not be used for taking wild animals at Keystone Woods Wildlife Management Area.

[For text of subpart 13, see Minnesota Rules]

EFFECTIVE PERIOD. The expedited emergency amendment to Minnesota Rules, part 6230.0200, subpart 4a, is effective May 7, 2026. After the expedited emergency amendment expires, the permanent rule again takes effect, subject to any permanent rule amendments that have been adopted in the interim.

Date: April 27, 2026

Statutory authority: *Minnesota Statutes*, sections 84.033, 86A.05, subdivision 5, 97A.145, and 97A.093

FACTUAL BACKGROUND AND LEGAL AUTHORITY

WHEREAS Minn. Stat. § 84.033, subd. 1 authorizes the commissioner of natural resources (“commissioner”) to “acquire by gift, lease, easement, exchange, or purchase, . . . in the name of the state, lands or any interest in lands suitable and desirable for establishing and maintaining scientific and natural areas” (herein after “SNA”).

WHEREAS Minn. Stat. § 84.033, subd. 3 provides that when acquiring land for designation as an SNA, “the commissioner must follow the procedures under section 97A.145, subd. 2.”

WHEREAS Minn. Stat. § 97A.145, subd. 2 provides that prior to acquiring or leasing land, the “commissioner must notify the county board and the town officers where the land is located and furnish them with a description of the land to be acquired.”

WHEREAS in accordance with Minn. Stat. § 97A.145, subd. 2, and subject to an extension of time granted by the commissioner, “the county board must approve or disapprove the proposed acquisition within 90 days after being notified” of the proposed acquisition. If the county board approves the acquisition, the commissioner may acquire the land.

WHEREAS if the county board disapproves the acquisition, the county board must state a valid reason for disapproving, and the commissioner may not purchase or lease the land. The commissioner may, however, appeal the disapproval to the district court with jurisdiction where the land is located. Alternatively, the commissioner may submit the matter to the Land Exchange Board for hearing and decision. *Id.*

WHEREAS SNAs are part of the state’s outdoor recreation system and are “established to protect and perpetuate in an undisturbed natural state those natural features which possess exceptional scientific or educational value.” Minn. Stat. § 86A.05, subd. 5(a).

WHEREAS to qualify as an SNA, the land area must have “natural features or exceptional scientific and educational value”¹ and must be “large enough to permit effective research or educational functions and to preserve the inherent natural values of the area.” Minn. Stat. § 86A.05, subd. 5(b)(1) and (b)(2).

WHEREAS each SNA must be designated as either a research unit, an educational unit, or a public use unit. Minn. Stat. § 86A.05, subd. 5(e).

¹ Minn. Stat. § 86A.05, subd. 5(b)(1) lists seven examples of natural features that evidence “exceptional scientific and educational value,” although the list is not intended to be exhaustive.

Commissioner's Orders

WHEREAS Minn. Stat. § 97A.093 precludes hunting, trapping, or fishing in an SNA unless the designation document allows hunting, trapping, or fishing or unless “the commissioner allows hunting, trapping, or fishing in accordance with the procedure in section 86A.05, subdivision 5, paragraph (d)”.

WHEREAS an area designated as an SNA may not be altered in designation or use without holding a public hearing and an opportunity for persons to be heard on the designation or use as set forth in Minn. Stat. § 86A.05, subd. 5(d).

WHEREAS on June 6, 2024, the state acquired, through donation, certain lands in Clay County, totaling 203.56 acres, and legally described as:

The Southwest Quarter of the Northwest Quarter (SW $\frac{1}{4}$, NW $\frac{1}{4}$);
The Northeast Quarter of the Southwest Quarter (NE $\frac{1}{4}$, SW $\frac{1}{4}$);
The East Half of the Northwest Quarter of the Southwest Quarter (E $\frac{1}{2}$, NW $\frac{1}{4}$, SW $\frac{1}{4}$);

ALL IN SECTION 1, Township 138, Range 44, Clay County, Minnesota;

AND

Lot Four (4), of Section One (1), of Township One Hundred Thirty-eight (138) North, of Range Forty-four (44) West of the Fifth Principal Meridian, containing 19.5 acres, more or less, according to the U.S. Government Survey thereof.

AND

The Southeast Quarter of the Northwest Quarter (SE $\frac{1}{4}$, NW $\frac{1}{4}$), Section One (1), Township One Hundred Thirty-eight (138) North, Range Forty-four (44) West of the Fifth Principal Meridian, Clay County, Minnesota;

AND

All of Government Lot Three (3), Section One (1), Township One Hundred Thirty-eight (138) North, Range Forty-four (44) West, described as follows: Beginning at a point on the section line at the quarter stake on the North line of said Section One (1); thence South 80 rods to the South line of said Lot Three (3); thence West 80 rods, more or less, to the southwest corner of said Lot Three (3); thence North on the line between Lots Three and Four to the lake and thence following the shore to the section line; thence East on the section line 39 rods 7 $\frac{1}{2}$ links, more or less, to the point of beginning.

AND

All that part of Government Lot Six (6), Section Thirty-six (36), Township One Hundred Thirty-nine (139) North, Range Forty-four (44) West of the Fifth Principal Meridian, Clay County, Minnesota, described as follows: Beginning at the quarter stake on the South line of said Section 36; thence running North about 21 rods to the South shore line of the lake; thence running in a southwesterly direction following the said shore line of the lake to where it intersects with the south line of said Section 36; thence East along said South line of Section 36 to the point of beginning.

WHEREAS these 203.56 acres are of an area sufficiently large enough to permit research or education and to preserve the inherent natural value of the SNA, and the natural features of the SNA are of exceptional scientific and educational value as required by Minn. Stat. § 86A.05, subd. 5(a)-(b). The 203.56 acres in Clay County contain a large patch of intact central mesic hardwood (MHc37) forest, with small pockets of wet meadow (WMn82) and marsh (MRn83 & MRn93) containing relict flora, notable for its location at the very edge of the prairie-forest border in northwestern Minnesota. These native plant communities are maintaining themselves under the prevailing natural

conditions for this part of Minnesota. The SNA also includes significant amounts of undeveloped lakeshore, including the southern half (~0.6 miles) of Ness Lake and ~0.6 miles of the eastern shore of Lake One. Said lands also contain significant geological features of the Underwood Moraine (Hardwood Hills landscape region), including strongly rolling topography and glacier-deposited piles of boulders atop multiple hills, some of which rise 100 feet in elevation.

WHEREAS the most effective means by which such lands can be protected and perpetuated in their natural state and used for educational and research purposes in such a manner as will leave them conserved for future generations is by designation as a Scientific and Natural Area.

WHEREAS in accordance with the requirements of Minn. Stat. § 84.033, subd. 3 and Minn. Stat. § 97A.145, subd. 2, the commissioner provided the Clay County Board with a notice of the proposed acquisition, and the Clay County Board, on April 9, 2024, adopted a resolution approving the proposed acquisition and the designation of the acquired land as an SNA.

ORDER

NOW, THEREFORE, based on the evidence on file at the DNR and pursuant to the authority vested in me by law as outlined here in, I make the following ORDER:

1. The above-described lands totaling 203.56 acres are hereby designated as the Beva Paulson Memorial Hardwood Forest Scientific and Natural Area, so long as such lands are owned by or remain under lease by the Department of Natural Resources. If a portion is sold or no longer leased, only the divested portion shall be removed from this designation.
2. The designation of Beva Paulson Memorial Hardwood Forest Scientific and Natural Area shall be a Public Use unit, open to the public for nature observation and general educational and research activities.
3. The provisions of Minnesota Rules 6136.0100 through 6136.0600 governing the management of Scientific and Natural Areas shall apply to the Beva Paulson Memorial Hardwood Forest Scientific and Natural Area.

This order takes effect upon signature publication in the State Register.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Office of State Procurement (OSP) Website. Interested vendors are encouraged to monitor the P/T Contract Section of the OSP Website at <https://mn.gov/admin/osp> for informal solicitation announcements.

Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Office of State Procurement strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised; \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Minnesota Lottery

Request for Proposals for Minnesota State Lottery Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery (“Lottery”) develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

The Minnesota Lottery finds sponsorship opportunities in two ways. First, the Minnesota Lottery marketing staff locates and approaches potential sponsors to negotiate directly. Second, the Minnesota Lottery accepts incoming potential sponsors through this proposal process. Employing both strategies allows the Minnesota Lottery to find the best sponsorship opportunities, including opportunities that are not already known by staff. Both strategies are evaluated using the same criteria.

If you feel your organization, event, sports team, or other opportunity is a good fit for the Minnesota Lottery to sponsor, we encourage you to prepare and submit a proposal.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. Maximize Lottery Visibility - the event, sports team, or venue sponsorship proposal should draw a large number of attendees (typically 20,000 or more) whose demographics match the Lottery’s target audience. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults, ages 25-64, with a household income of \$75,000+ and an educational background of some college or higher. The Lottery does not market to those under the age of 18, and events with large numbers of children present are generally not accepted. Attendance numbers, on-site signage availability, sales and engagement opportunities, and media exposure are critical components that will be evaluated in the proposal. List and define all assets, value, and benefits that the Lottery would receive as part of the sponsorship, such as PR inclusions, social media posts, prize support, promotional activities, and signage.
2. Enhance Lottery Image - the event, sports team, or venue should be a reputable, safe, and well-run event and organization that enhances the Lottery’s brand. The Lottery's presence should fit well within the lineup of other sponsors and participants. The Lottery is interested in sponsorships that can promote Lottery products, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers, or from joint programs with the sponsor's media or other sponsorship partners.
3. Provide Promotional Extensions - the event, sports team, or venue proposal should offer exciting, value-added ways to interact with attendees and have opportunities to motivate attendees, listeners, and viewers to participate in and purchase Lottery games. The proposal must include staffing support, or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria, as stated above and on the RFP Evaluation Form, are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.
