PREAMBLE

The parties hereto enter into this collective bargaining agreement for the purpose of maintaining harmonious labor conditions and establishing methods for a fair and peaceful resolution of disputes that may arise between the parties. The parties recognize and agree that a harmonious relationship depends on mutual respect and a shared commitment to the public good by ensuring that blood products are collected and processed in a safe manner, through a healthy and safe work environment and by having qualified staff. All parties hereto pledge to cooperate with each other in good faith in the enforcement of the terms and conditions of this National Addendum (hereafter "National Addendum" or "National Agreement" or "National Tentative Agreement" ("NTA")).

ARTICLE 1. PARTIES TO THE AGREEMENT

Section 1. Employer Covered

The Employer signatory to this National Agreement/Addendum and associated Local Agreements, addenda and/or riders is the American National Red Cross. The American National Red Cross is a single national non-profit corporation and a federally chartered instrumentality of the United States, able to conduct its business and affairs, and otherwise hold itself out, as the 'American Red Cross' in any jurisdiction. The chapters or other local or regional offices of the corporation are local units of the corporation, for which the corporation prescribes all policies and regulations, and which are not legal entities separate from the corporation. As such, the American National Red Cross has the authority to negotiate and execute contracts on behalf of any such chapters or regional offices.

Section 2. Unions, Operations and Employees Covered

- A. The "Union" consists of any "Local Union" which may become a party to this National Addendum and any Supplemental Agreement as hereinafter set forth. Such Local Unions are hereinafter collectively referred to as "Local Unions." In addition to such Local Unions, the Coalition of American Red Cross Unions ("Coalition") representing Local Unions affiliated with the American Federation of State, County and Municipal Employees (AFSCME), American Federation of Teachers (AFT), Communications Workers of America (CWA), International Union of Operating Engineers, (IUOE), International Brotherhood of Electrical Workers, (IBEW), Office and Professional Employees International Union, (OPEIU), Service Employees International Union (SEIU), United Automobile, Aerospace and Agricultural Implement Workers of America (UAW), United Food and Commercial Workers (UFCW), and the United Steelworkers (USW), is also a party to this Agreement and the agreements supplemental hereto.
- B. The Employer recognizes each Local Union (and CWA National on behalf of its Local Unions) as the sole and exclusive collective bargaining agent with respect to rates of pay, hours and other terms and conditions of employment for its own respective bargaining unit employees in certified or recognized units referenced in Appendix A hereto.
- C. A list of all the Local Unions covered by this National Addendum is described in Appendix A to the National Addendum, which will be updated by the parties by mutual written agreement as additional operations or employees become covered by this National Addendum.

ARTICLE 2. SCOPE OF THE AGREEMENT

The National Addendum covers specific terms and conditions of employment negotiated by the parties, and is intended to supplement Local Agreements. The National Addendum shall supersede and replace any conflicting or inconsistent terms and conditions of Local Agreements identified prior to the ratification of both the National Addendum and Local Agreement. Any post-ratification disputes regarding errors and/or omissions will be handled through the National Grievance process.

ARTICLE 3. ME TOO PROVISIONS

All “Me-Too” provisions in any Local Agreements, side letters, riders, supplements, etc., which have incorporated the terms and conditions of this National Addendum shall be considered null and void from the effective date of this Agreement. Such provisions may include, but are not limited to the areas of pension, holidays, health insurance, and paid time off (PTO).

ARTICLE 4. EQUAL OPPORTUNITY EMPLOYER

The Employer and the Union agree not to discriminate against any individual with respect to any term or condition of employment nor limit, segregate or classify employees in any way to deprive any individual employee of employment opportunities because of such individual’s race, color, religion, sex, national origin, disability, veterans status, sexual preference or orientation, gender identity, genetic information (consistent with the Genetic Information Nondiscrimination Act (GINA)), age, and any other legally protected group or class. Nothing in this National Addendum shall be interpreted to deny any employee his/her ability to raise statutory discrimination claims through applicable court or administrative proceedings.

ARTICLE 5. EMPLOYMENT CATEGORIES

Section 1.

- A. The Red Cross and the Coalition Executive Board shall standardize all bargaining unit job classifications (to include updating job descriptions).
- B. Prior to implementing or posting any new job classifications or positions, the Red Cross shall provide the Coalition with notice in accordance with Article 22.

NATIONAL ADDENDUM – AMERICAN RED CROSS

- C. The Parties agree to explore the creation of a Per Diem Program to augment the workforce and create better work/life balance for employees. The Parties will create a sub-group, within three (3) months following ratification of this agreement, to determine the concepts and working details of such a program and will provide an update to the SPC in July 2022.

Section 2. Employees shall fall into the following four categories:

- A. Regular Full-Time: American Red Cross employees who are normally scheduled to work 40 or more hours in a work week (or 80 hours in a two week period) and are not a temporary employee. This includes those employees who are regularly scheduled to work 35 or more hours per week and are members of bargaining units where this was considered to be full time employment at the time of the ratification of this National Addendum.
- B. Regular Part-Time: American Red Cross employees who are normally scheduled to work less than 40 hours in a work week (or less than 80 hours in a two week period) and are not a temporary employee. This includes those employees who work less than 35 hours where full-time is considered as 35 or more hours per week. This category also includes employees who work on an as-needed basis without a defined schedule. Hours worked by employees without defined work schedules will be reviewed every six months for prolonged periods of inactivity.
- C. Temporary Full-Time: American Red Cross employees who are hired and normally scheduled to work 40 or more hours in a work week (or 80 hours in a two week period) to supplement the workforce on a temporary basis. Employment assignments are limited up to six months. Once a temporary American Red Cross employee exceeds 180 calendar days of employment, he/she will automatically become a member of the bargaining unit.
- D. Temporary Part-Time: American Red Cross employees who are hired and normally scheduled to work less than 40 hours in a work week (or less than 80 hours in a two week period) to supplement the workforce on a temporary basis. This category also includes employees who are hired to temporarily supplement the workforce and work on an as-needed basis without a defined schedule. Employment assignments are limited up to six months. Once a temporary American Red Cross employee exceeds 180 days of employment, he/she will automatically become a member of the bargaining unit.

Section 3. Medical Benefit Eligibility by Employment Classification

- A. Regular Full-Time: eligible for full-time medical benefits when they work 30 or more hours per week
- B. Regular Part-Time: eligible for part-time medical benefits when they work from 20-29 hours per week. Any part-time employees who work fewer than 20 hours/week are not eligible for benefits (medical and otherwise)
- C. Temporary Full-Time: not eligible for medical benefits
- D. Temporary Part-Time: not eligible for medical benefits

ARTICLE 6. LABOR MANAGEMENT PARTNERSHIP

Section 1. The continuing viability and sustainability of the Red Cross is critical to donors, contributors, the public, employees and the entire Red Cross family. This sustainability is advanced through a true partnership between labor and management. Collaboration empowers all stakeholders. As such, the parties establish this Red Cross Labor Management Partnership (hereinafter “LMP”) to effectuate a lasting and effective labor management partnership.

Section 2. Key objectives of the LMP shall be to:

- A. Assist in achieving and maintaining industry leading performance and competitiveness;
- B. Make Red Cross an employer of choice in every location;
- C. Expand the number of Red Cross donors and sponsors;
- D. Provide Red Cross employees with employment and income security;
- E. Obtain employee feedback; and,
- F. Maintain a collaborative labor management environment.

Section 3. Process and Structure of LMP

- A. The parties will maintain a Senior Partnership Committee (SPC) consisting of Red Cross executive level staff of not less than five (5) who have decision making capability and Union Coalition leadership. Each International Union shall have one (1) representative and the parties shall designate their respective co-chairs. The SPC will meet as often as necessary, at least once per quarter, to discuss strategic issues of the Partnership and implement, review and oversee initiatives at all levels.

The powers of the SPC do not supersede the legally mandated obligations of the parties such as the duty to bargain over mandatory subjects, the duty of the unions of the Coalition to represent the interests of their members as well as Red Cross’ management rights. In that regard, the parties recognize that the SPC and the partnership process is not a forum to negotiate mandatory subjects of bargaining or make changes to the collective bargaining agreement.

B. LMP Access to Information

The parties will cooperate and share information with each other. If appropriate, the Union may be required to execute a nondisclosure agreement. Any provided documentation will be at no cost to the Unions of the Coalition.

C. Consultants

The parties may jointly request the assistance of the Federal Mediation and Conciliation Service (FMCS) to assist the Partnership formation and implementation process and to continue with such assistance until such time as the majority of SPC members agree that these services are no longer required.

D. Partnerships at Other Organizational Levels

The SPC may create joint partnership subcommittees to engage in the implementation of joint partnership action plans and initiatives. All joint committees created by the SPC will consist of an equal number of members from the respective Union(s) and Red Cross.

E. Existing Labor-Management Cooperation Arrangements

Existing arrangements shall be permitted to continue and where possible be enhanced by SPC partnering efforts.

Section 4. Support and Tools for Partnership

Red Cross agrees to provide the following to the unions in order to enable them to engage in the work of furthering the LMP:

- A. Access to Premises – The union's leaders and staff shall not be unreasonably denied the access to Red Cross facilities.
- B. Orientation – When new employees are hired, they shall be given an orientation packet provided by the Union, and all new employees shall be introduced to Union leadership at the worksite during that orientation. Union leadership shall be given the opportunity to address new hires during this orientation for a reasonable amount of time to be determined by the parties at the local level; and the Employer shall provide a private office or conference room to hold the meeting, if available.
- C. Unit Membership Lists – On the first workday of every month, the Employer shall transmit to the respective Local Union a current list of all bargaining unit employees, including their name, cell phone number, home address, email, shift information, payroll dues deduction status, date of hire, job title/classification, rate of pay, hours worked, date of entry into current job classification, worksite location and DOB to the union via electronic means, to the extent such information is available.

- D. Upon thirty (30) days written notice from the Union, the Employer will provide up to one (1) additional payroll deduction slot to be used by the Unions of the Coalition for partnership support from bargaining unit members or for other designated purposes. Red Cross shall remit said support to the Coalition on a monthly basis with transmittal summaries.

Section 5. Employer Neutrality and Majority Verification Procedure

- A. Red Cross and each Union of the Coalition recognize that it is important: for employees to have a voice at work; to acknowledge and respect the fundamental rights of workers to decide whether to be represented by a Union and engage in collective bargaining in an environment free of intimidation, threats or coercion; and to acknowledge and respect the role of Unions in representing the interests of employees who have chosen to designate the Union as their exclusive representatives for purposes of collective negotiations. The parties believe that collective bargaining is a vehicle that provides respect to workers; and, understand that voice, collaboration, and partnership are consistent with the mission of the American Red Cross. Further, the Parties recognize that non-union employees within Red Cross have the right to express their desire to be represented by a Union and that the Unions of the Coalition desire to represent these employees.
- B. The Employer shall remain neutral regarding the question of Union representation of any of its unorganized non-managerial, non-supervisory and non-confidential employees. The Parties agree that the question of whether employees should or should not be represented by the Union is an individual decision which employees should answer free of intimidation, threats or coercion from anyone. The Employer agrees that it shall direct its officers, managers, supervisors and agents that they shall not comment or communicate, directly or indirectly, to the contrary. Likewise, the Employer shall not provide assistance to any individual or group who may wish to pursue an anti-union campaign nor shall the Employer engage or otherwise employ a consultant or agent whose charge is to design and/or implement a campaign to dissuade employees from selecting the Union as their collective bargaining representative. For purposes of this Section, the Parties also understand that the employees in the subject bargaining unit shall not be considered “agents” of either party absent proof of agency in connection to the specific conduct at issue.
- C. The Parties shall not threaten, intimidate, discriminate against, retaliate against, or take any adverse action against any employee based on his or her decision to support or oppose Union representation.
- D. The Parties shall issue a mutually agreed-upon Employer statement to be provided to employees who have questions about this Section. This statement shall be distributed in every reasonable manner possible, including, but not limited to: posting on bulletin boards, distribution through the Employer’s internal mail system, and distribution through the Employer’s e-mail system.
- E. When a Coalition Union seeks to organize non-represented Red Cross employees under this Article, the Coalition shall provide Red Cross with a written Notification of Interest, which shall state the job classifications and location of the employees that the Union seeks to represent and which Coalition Union seeks representation. Upon receipt of such notice, the Business Agent/Senior Official of the Union, the Red Cross manager in charge of the facility, and the Director of Labor Relations shall promptly meet to discuss protocols regarding introductory meetings, employee communications, and access restrictions (which shall limit organizing access under this Section to the sole purpose of communications with Red Cross employees), with the understanding and agreement that there will be no interference with the conduct of Red Cross’ business, with donors and sponsors, or with the performance of work by the employees during working hours or in working areas.

- F. Within three (3) business days of written notice from the Coalition of the start of a unionization effort by a Coalition designated Union, the Employer shall organize a meeting of its managerial and supervisory personnel to which representatives of the designated Union shall be invited. Union representatives will be given sufficient time to explain the provisions and operation of the LMP Article to the assembled personnel. The Union shall conduct an organizing campaign that is focused on the benefits of unionization and collective voice for the workers and the Red Cross, and shall not engage in communications that are defamatory towards the Red Cross, its managers, supervisors, employees, donors, or sponsors.
- G. The Parties shall provide each other with at least twenty-four (24) hours advance notice of any press announcement concerning the LMP agreement and the Employer neutrality obligation and shall ensure that such press announcement is consistent with the terms of this Section.
- H. The Parties may, from time to time, issue joint communications or announcements. Nothing in this Article shall be construed to limit either party's ability to engage in their own communications so long as such communications are consistent with the terms set forth in this Section.
- I. Once the Coalition has submitted a Notification of Interest under this Article, and the majority verification procedure described herein is utilized, the Employer will provide to the Coalition designated Union (upon its request) lists of employees eligible for representation and those excluded due to their status as managerial, supervisory, or confidential personnel. The lists of eligible employees shall contain the following information: the employee's name, job title/department, home address, home telephone number and mobile telephone number, to the extent available. Lists of excluded personnel shall state the reason why the employee has been excluded.
- J. The Employer agrees to grant Union representatives reasonable access to its Red Cross-owned or controlled workplace facilities (excluding mobile sites) during business hours. The Employer will inform its employees that discussion of the question of unionization is permitted at work, as long as it does not interfere with or disrupt normal work activities and does not occur in front of sponsors and donors. If the Employer is asked about the permissibility of having discussion about unionization in the workplace, the Employer shall respond consistent with parameters set forth herein. The Employer shall grant representatives of the Union reasonable access to employees at each of its locations.

Union representatives shall not be denied reasonable access to non-work break areas or similar spaces. Union representatives shall be given reasonable access to work space and sites during non-work time provided no donors are present. The Employer shall not conduct surveillance of Union representatives. Union representatives shall not unreasonably be denied access to exterior employee areas and parking lots. Union representatives shall be given reasonable access to all entrances to Employer facilities for the purpose of distributing literature to employees and communicating with them.

- K. The Coalition designated Union may request recognition as the exclusive bargaining representative for any appropriate unit of employees in which the Union claims majority status. The Coalition shall retain the right to request recognition for its designated Union at any location and facility where Red Cross employees remain unrepresented, subject to the above restrictions. The Employer agrees to voluntarily recognize the Coalition designated Union upon a showing of majority status in any appropriate unit described by the Coalition in its written notice. Proof of majority status shall be based on a private secret ballot election arranged and conducted by the Arbitrator. Any election will be held at the respective Red Cross facility following published notice to the employees of at least 14 days and shall be conducted on date(s) and time(s) that will maximize employee opportunity to vote. The Union and Red Cross may each designate a witness to be present during the entire voting period. The Arbitrator shall establish and

oversee the rules of the election and shall certify to the parties the results of the election. The Arbitrator shall be jointly selected from among the arbitrators designated pursuant to Section P below and compensated by the parties. The decisions of the Arbitrator will be final and binding upon the parties.

- L. The parties shall attempt to agree upon an appropriate bargaining unit with regard to each election held pursuant to this Article for purposes of collective bargaining. Any issue including disputes over an appropriate unit that cannot be resolved shall be decided by the arbitrator and such decision shall be final and binding.
- M. In the event the Coalition designated Union is recognized as the bargaining representative of the Employer's employees, the Union and the Employer agree to immediately enter into good-faith negotiations for the purpose of reaching a mutually acceptable collective bargaining agreement which it is anticipated by the Parties to include the National Addendum.
- N. The first collective bargaining agreement applicable to any new bargaining unit will be determined as follows:
 - 1. The Employer and the Union shall meet within fourteen (14) days following recognition to begin negotiations for a first collective bargaining agreement.
 - 2. If, after one hundred twenty (120) days following the commencement of negotiations, the Union and the Employer are unable to reach agreement for such collective bargaining agreement, they shall submit those matters that remain in dispute to the Rapid Response Team consisting of two appointees designated each by Red Cross and the Coalition, which shall use their best efforts to assist the parties in reaching a collective bargaining agreement. If, after thirty (30) days following such submission to the Rapid Response Team of outstanding matters, the Union and the Employer remain unable to reach a collective bargaining agreement, at the discretion of the Union, the matter may be submitted by the Coalition Union to conventional binding interest arbitration in accordance with procedures set forth below. Either party may request a good faith extension of these periods. If the Union chooses to invoke interest arbitration, the interest arbitrator shall consider existing terms and conditions of employment at the location at issue in reaching the decision and shall take into account the terms of the National Addendum in any award on the issues.
 - 3. If interest arbitration is invoked, it shall be a conventional arbitration proceeding. The interest arbitrator shall be authorized to evaluate the proposals of the Employer and the Union on an issue-by-issue basis and fashion a remedy that attempts to accommodate and reconcile the interests of the Parties. The interest arbitrator shall be authorized to add to, detract from, or modify the final offers submitted by the Parties. The decision shall be in writing and shall be rendered within thirty (30) days after the close of the interest arbitration hearing record. Costs of interest arbitration shall be split by the Red Cross and the Coalition designated Union.
 - 4. Throughout the proceedings described above concerning the negotiations of a first collective bargaining agreement and any interest arbitration that may be engaged in relative thereto, the Union agrees that there shall be no strikes, leafleting or organizational picketing at any Red Cross/sponsor/donor facility (including informational and area standards picketing) in support of any of its organizing activities or bargaining demands, but employees may distribute flyers in the non-work areas of Red Cross' facilities that are aimed at informing other employees about forming a union. The Employer likewise agrees not to resort to a lockout or partial lockout of employees to support its bargaining position. In those circumstances where a Union has chosen not to invoke interest arbitration, the provisions of this paragraph, number 4, shall expire after one hundred twenty (120) days from inception of negotiations.

NATIONAL ADDENDUM – AMERICAN RED CROSS

- O. The Employer and the Union shall each designate a top level representative to discuss complaints about alleged violations or any alleged violation of this Section 5. If, whenever the majority verification process is utilized or during the period leading up to such utilization, one party believes another party has violated these standards, the affected party should contact the other party's representative by phone or email. The Parties should have a direct conversation within twenty-four (24) hours to try to resolve the issue. Where the Parties agree that a violation has occurred, and it is possible to correct the problem, the party responsible for the violation will make a good faith effort to correct the problem immediately.
- P. There shall be a list of agreed-upon permanent arbitrators designated to resolve disputes that arise pursuant to this Section.
- Q. The above list of arbitrators and the manner set forth for their selection shall also be utilized for first contract interest arbitration.
- R. The Parties agree that any disputes regarding the interpretation or application of this National Addendum shall be submitted to arbitration before the arbitrator selected herein on an expedited basis. Any hearing (which may be telephonic) before the arbitrator shall be scheduled within three (3) business days of the filing of the dispute with the arbitrator. The timelines set forth herein may be waived with the agreement of the Parties. An arbitrator's ability to comply with the timelines set forth herein shall be determinative of the choice of arbitrator from among those listed herein for any particular hearing. The parties further agree that the arbitrator shall have the right to determine the nature of the hearing to be held under the circumstances, including whether written evidentiary submissions are sufficient. The arbitrator shall have the authority to enter an award (including by bench decision) for full remedial relief, as well as the authority to order the non-complaining party to comply with this National Addendum. The arbitrator shall also have the authority to issue any interim relief, such as temporary restraining orders or preliminary injunctions, prior to a hearing. The Parties agree that the decision of the arbitrator shall be final and binding. If a party fails to comply with a ruling, enforcement may be sought in United States District Court, and the Parties consent to the entry of any order of the arbitrator as the order or judgment of that court.
- S. The Employer shall instruct its management and supervisory personnel on the terms of this Section 5. The Coalition Union shall instruct their representative on the terms of this Section 5.
- T. The Employer shall neither file, nor support a third-party filing, a representation petition with the National Labor Relations Board or any other Labor Board. The Employer will not seek, or require the Union to seek, a National Labor Relations Board representation election. The Employer waives its right to insist on a National Labor Relations Board election and certification prior to recognizing the Union if the arbitrator certifies that a majority of the employees in the designated unit desire the Union to be their exclusive bargaining representative.

ARTICLE 7. HOURS OF WORK

Section 1. The standard workweek will be a Saturday to Friday pay period, unless prohibited by state law. Staff will be paid bi-weekly on a Friday, with a seven (7) day pay lag.

Section 2. Nothing in this National Addendum shall be construed as a guarantee of hours of work per day, per week, or per pay period. Nothing in this Agreement shall limit the Employer from requiring longer hours of work as long as the overtime requirements set forth in Article 14 are met. The Employer agrees to grandfather guaranteed minimum hours existing in current Local Agreements.

Section 3. The Employer and Coalition Executive Board agree to evaluate hours worked and identifying problem areas with systemic issues. The Employer will share the results with the SPC to validate and prioritize the areas with the most significant concerns. The Employer will perform in-depth reviews in the prioritized regions, which shall include assessments of bookings, staffing, contractual language, seniority, scheduling, market conditions and any other factors influencing the shortfall. Based on the outcome of the reviews, recommendations will be developed to be presented to the Local Union.

Section 4. The Employer shall have the right to maintain, institute and change shifts, workweeks and pay periods, so as to obtain the production it desires. This includes the right to establish, maintain or discontinue shifts.

E. Extreme Extraordinary Circumstances:

Where the local management and local Union agree on a process for handling extreme extraordinary circumstances impacting the meal and break process, they should be aware of the following process as an example:-

1. At the beginning of the drive Supervisors/Team Leads will discuss if such Extreme Extraordinary Circumstances arise would anyone Volunteer not to take the 30-minute Meal Period. A list will be created to honor Meal Breaks that absolutely must be given in this situation, so staff decisions feel honored.
2. If a 30-minute Meal Period is not given because of the Extreme Extraordinary Circumstances, it will be replaced with a paid 15-minute break in lieu of the Meal Period not given that day, unless prohibited by law.
3. Each drive that warrants an Extreme Extraordinary Circumstances must be approved by Collection Management at which time they will email this information to Union and RDSE within 24 hours, so it can be reviewed by both parties monthly.

Section 3. Documentation

- A. For Collections, the Employer shall use and retain Drive Management Records to ensure that all rest breaks and meal periods are provided in accordance with this Article.

Section 4. SPC Oversight

- A. The parties agree to have the SPC review the meal break and rest periods processes on an annual basis.

ARTICLE 9. STAFFING

Section 1. The Red Cross and the Union Coalition mutually agree to maximize the efficient use of staff and to provide adequate staffing levels in order to:

- Provide quality and safe care to donors;
- Ensure the health and safety of employees;
- Promote the retention and recruitment of qualified employees; and
- Ensure the safety of the blood supply and full compliance with all regulatory guidelines

Section 2. No bargaining unit employee shall perform any regulated function unless he or she has successfully completed associated training. Additionally, to ensure the safety of staff and donors, if collection technicians trained as Charges or Power Red operators, and

for MUAs cross-trained in phlebotomy or health history, have not performed associated tasks (health history, Whole Blood phlebotomy, Power Red Collections or drive supervisor) within the past six (6) months, then the Red Cross will conduct a periodic evaluation and shall provide refresher training as required. The Periodic Evaluation referenced above will be expanded to include all functions above and implemented within six (6) months of ratification. Red Cross will continue to perform Annual Competency Assessments (ACA) on all Collections staff annually. Periodic Evaluations conducted under this section shall only be used to ensure that the employee can successfully perform the associated task(s). An employee will not be disciplined for an unsuccessful Periodic Evaluation; however, Performance Management processes will be utilized if an employee cannot successfully complete retraining.

Section 3. Bargaining unit work, as defined in Local Agreements will normally be performed by members of the bargaining unit, except that such work may be performed by supervisors when:

- a. Required for the training, retraining or coaching of bargaining unit employees;
- b. To provide bargaining unit personnel their breaks and lunches;
- c. As necessary for supervisors to remain current with regulatory requirements;
- d. To ensure proper donor customer service and maintain an orderly flow of production; or
- e. Due to unforeseen circumstances, donor surges, or in cases of emergency-
- f. If there is a belief that the spirit of this section is being violated, this issue can be elevated through local and/or nationally established resolution processes.

Section 4. Supply Chain, Manufacturing, IRL and Hospital Services

A. Manufacturing, IRL and Hospital Services staffing levels will be determined as follows:

1. The Employer shall employ sufficient staff to efficiently and safely process, prepare and deliver collected blood products in a timely manner.
2. The Employer shall be entitled to cross-train and utilize any employee within Manufacturing and Hospital Services to perform blood processing, preparation and distribution tasks for which they have successfully completed training.
3. The Employer and Local Union will negotiate any appropriate base wage increase related to the additional duties discussed in this Section.
4. There shall be no cross training in Supply Chain / Manufacturing outside the Coalition of American Red Cross Unions. In Operations with multiple Unions, the local unions and local management team will meet to establish a local cross training process.
5. Cross Training will be between the following work groups:
 - a. Warehouse and kitting
 - b. Hospital Services and Manufacturing
 - c. There will be no cross training for IRL and HLA.

Section 5. Collections and Clinical Services

A. Collections and Clinical Services staffing levels will be determined as follows:

1. All collection sites/blood drives or other collections of blood products or delivery of clinical services (therapeutic apheresis, Dendreon or similar clinical services) will be staffed based on the anticipated presenting donors, including prescheduled donors (online or other) and walk-ins, as well as the hours of operation for the site/drive/service. If, at any point before or during the drive, management determines that the drive is understaffed, then Red Cross will make every effort to send additional bargaining unit staff to assist with the drive and be paid in accordance with the Appendix B premiums. All staff will be scheduled pursuant to local agreements and practices.
2. If any significant operational changes are made to the Drive Management S.O.P, the Red Cross will notify the Coalition and local union leadership before implementation in accordance with Article 22. The SOP is located in e-Binder, identifies that Collections is responsible for and has the authority to ensure a successful drive. Charges must follow the Drive Management process to assist with addressing issues such as donor flow, end of drive management and communication with other departments.
3. During daily regional drive review, the local leadership team will endeavor to add extra employees to drives that have factors including but not limited to New Hires, OJI, no volunteer, etc. All staff will be scheduled in accordance with local agreements.
4. The Red Cross and Local Union may, upon mutual agreement maintain a JLT subcommittee to jointly assess Production Planning decision-making (e.g., staffing, new hires, OJI and Charge roles, etc.). The sub-committee will make recommendations to the JLT and SPC for implementation that will provide adequate staffing to efficiently and safely collect blood products based on the hours of operation and anticipated presenting donors, including prescheduled donors (online or other) and walk-ins, and to provide clinical services. The staffing matrix shall define the minimum number of staff per job function needed at each drive.
5. The Red Cross will schedule staff in sufficient numbers to allow staff to take break and lunch period(s) pursuant to Article 8 Rest Breaks and Meal Period. It is understood that the Employer's schedule cannot take into account non-scheduled employee absences, unexpected donor turnout or other unforeseen circumstances.
6. Registered Nurses or LPNs will be scheduled for blood collection operations, regardless of anticipated collection size, as required by federal, state law or regulation, and consistent with Sections 5, A4 and A5 above.
7. Registration, donor qualification (health history assessments and vital signs), phlebotomies, disengagements and post collection donor care, or post collection blood processing may be performed by those employees who have successfully completed training to perform any one of these functions or combination of such functions that are stipulated in Section 2.
8. Employees designated to perform the Charge function shall be counted as .5 FTE for purposes of the staffing matrix. Such employee is allowed to perform any blood collection tasks for which they are trained. Supervisors shall not be included in the staffing matrix and will not perform bargaining unit work except as noted in Section 5(A) 5 above.
9. Employees with work restrictions may be assigned, at the Red Cross' discretion, to a blood drive or other blood collection site. Employees with restrictions shall not be included in the staffing matrix if they are unable to perform health history, phlebotomy, disengagement, post collection donor care, or post collection blood processing. Should the employee with restrictions be able to perform three or more of these functions, they will be considered staff under the staffing matrix.
10. In an effort to reduce injuries and improve drive start and end times, the Employer acknowledges that the unloading, setting up and breaking down of drives may take more than forty-five (45) minutes to safely perform each task. Therefore, while every effort will be made to adhere to a 45/45/45 schedule, in circumstances where there are issues, including, but not limited to site suitability concerns; an insufficient number of staff to perform the unloading, setting up and breaking down of equipment; etc.,

then the appropriate amount of time (which may exceed forty-five (45) minutes) to execute those tasks shall be scheduled prior to the date of drive using the Role Time Detail Exception Process. Bargaining unit employees shall have access and the ability to complete this form. If these events occur during the drive, then ARC will make every effort to send additional staff to assist and be paid in accordance with Appendix B premiums. All staff will be scheduled pursuant to local agreements and practices. Red Cross will ensure appropriate staff are trained on the process to request exceptions to the standard load/unload, setup and breakdown time.

- a. Collections staff may be required to assist with set up and tear down of the blood drive. Although it is the primary duty of the driver to load and unload the vehicle, current Collections staff may need to assist in the loading and unloading of equipment where there is an insufficient number of drivers available and to the extent necessary. To ensure staff safety, all employees, including management, will abide by the proper load and unload protocols established by the American Red Cross titled: Safe Lifting: The Fundamentals of Ergonomics; and 45/45/45 Blood Drive Setup Process.
- b. Collections staff may not be able to assist in situations where there are physical, worksite, and equipment limitations. At sites where the Employer has identified additional obstacles, the Red Cross may assign additional staff to assist in, or may extend the time for the standard load/unload, set up and break down procedures.
- c. Current Collections staff may be required to drive non-DOT Employer vehicles. Staff who drive non-DOT vehicles must successfully complete all associated driver and safety training programs within six (6) months of ratification.
- d. Collections staff hired prior to January 1, 2016, may volunteer to train for DOT training and drive DOT Employer vehicles once licensure is received.
- e. Consistent with the timeframes in Section H below, Red Cross may require new Collections hires to be trained on DOT and drive both non-DOT and DOT Red Cross vehicles. The Red Cross shall have it clearly state such duties as a job requirement in the vacancy announcement and position description advertised on RedCross.org.
- f. Each location will have a designated amount of Collection Tech II CDL positions. Collections staff who volunteer to attain a commercial driver's license (CDL) at the employee's expense, will be placed into one of those positions if open, and be scheduled to drive Employer vehicles that require a CDL. At multi-union locations, this could result in the bargaining unit employee being reassigned to a different exclusive representative.
- g. Collections Staff who are designated as Drivers for the Region shall receive a driver premium. A driver premium of \$0.75/hr shall be provided to Collections Staff who drive to or from a blood drive, and the premium shall apply to all hours an employee works on that day. This premium shall be paid in addition to any other differentials and skill based premiums outlined in Art. 14, Appendix B. MUAs or MUAs who have completed cross training into a CTII position are not eligible for the driver premium and shall receive the appropriate base wage increase negotiated between the Employer and Local Union. CDL drivers are not eligible for the driver premium. The premium shall be implemented upon the latter of April 1, 2019 or six (6) months post ratification of the National Addendum.
- h. ARC shall designate the number of Collections Staff Drivers based on need. Once determined, the positions shall be filled first by volunteers using seniority order. If, however, there is an insufficient number of volunteers to fill the designated slots, ARC shall attempt to fill the slots with new hires. If there is an insufficient number of new hires, then bargaining unit employees shall be selected in reverse order of seniority. As new hires complete cross-training for driving, then they will replace current employees with a date of hire prior to January 1, 2016, who were previously required to drive. Individuals who volunteered to drive, may continue to drive under this process.

- i. In multi-union locations, Collections Technicians trained to drive will not be scheduled as Drivers unless there is a shortage.

Section 6. Mobile Unit Assistants (MUA), Collection Material Coordinator, Supply Clerk and Loader/Packers (or equivalent job titles)

A. Mobile Unit Assistants (MUA), Collection Material Coordinator, Supply Clerk and Loader/Packers (or equivalent job titles) staffing levels will be determined as follows:

1. MUAs will be scheduled for blood drives according to the staffing matrix based on the anticipated presenting donors for the blood drive.
2. MUAs, Collection Material Coordinators, Supply Clerks and Packer/Loaders (or their equivalent titles) may be assisted by other Collections staff in the staging of equipment, setting up and tearing down of the blood drive and in processing blood units collected. Although it is the primary duty of the driver to load and unload the vehicle, current Collections staff may need to assist in the loading and unloading of equipment where there is an insufficient number of drivers available and to the extent necessary. Current Collections staff may not be able to assist in situations where there are physical, worksite, and equipment limitations.
3. An MUA (or equivalent job titles) may be cross-trained, to perform blood collection functions such as, but not limited to, health history, phlebotomy, disengagement, donor care, blood processing.
4. Should an MUA, Collection Material Coordinator, Supply Clerk, Loader/Packer have work restrictions that preclude them from being able to load or unload a truck, such employee will not be assigned as part of blood Collections staff.
5. In cases where sites have additional obstacles, the Red Cross may assign additional staff to assist in, or may extend the time for, the set up and break down. The following are examples of obstacles included, but are not limited to:
 - a. where there are greater than five (5) steps to entry;
 - b. walking distances of ¼ mile or greater to set up;
 - c. relocation of a site during the drive (this would only extend time and not require additional staff).
6. The Employer and Local Union will negotiate any appropriate base wage increase related to the additional duties discussed in this Section.

Section 7. MUA Cross-training

A. As MUA cross-training is initiated at each location, the training program will be offered first to those MUAs who volunteer for such training with the most senior being trained first and proceeding down the volunteer list by seniority. Once all MUAs who volunteered for training have completed training, the next phase of cross-training will be mandatory and will be done in inverse seniority order. Once an MUA has successfully completed training, the MUA will be converted to the Collection Tech II job classification and will receive a one-time lump sum bonus of one hundred dollars (\$100). The Employer and Local Union will negotiate any appropriate base wage increase as follows:

- (1) Upon completion of the MUA cross-training, the MUAs shall receive the greater of the following two alternatives: a) MUAs move to the CTII rate; or, b) MUAs receive a 3% base wage rate increase, as calculated in the Red Cross' initial proposal to the locals for the new wage rate. For option (b), the 3% would be paid as follows:

Option (b) further clarified -- For MUAs without CDLs who successfully cross-train into CTII roles, the Red Cross would provide a wage increase which is equal to 3% of the average base wage rate for all MUAs under that contract (without CDLs); and, for MUAs with CDLs, the Red Cross would provide a wage increase which is equal to 6% of the average base wage rate for all MUAs under that contract (with CDLs). So for example, if the average base wage rate for all MUAs without CDLs in a given contract is \$15/hour, the increase for all MUAs without CDLs under that contract -- upon successfully completing the cross-training -- would be \$0.45/hour.

- B. Should an MUA elect not to participate in cross-training or should an MUA not be able to successfully complete the cross-training program, those individuals will be retained in the MUA classification until the completion of the cross-training at their location. During this period of time, the MUA will be given priority consideration for other vacant positions within Red Cross (including Humanitarian) that they may be qualified to perform with appropriate training. MUAs who have not secured another position within Red Cross may have their MUA position eliminated. If an MUA has their position eliminated, they shall receive severance pay under terms of the severance policy then in effect.
- C. Effective January 2016, MUA cross training launched and the Red Cross began hiring Collection Tech IIs who can drive.
- D. The Red Cross retains its right to launch MUA cross-training in multi-union locations.

E. Multi-Union Cross Training

- (1) Due to the unique circumstances presented at multi-union locations, current MUAs (Drivers) will cross train and will convert to the job title of Collection Technician I (CTI) (local agreements will be changed to reflect the change in job title). Collection Technician I will be required to train in either Phlebotomy or Health History, but not both. CTI will still be required to train in the other tasks associated with venipuncture (VP) training (including, but not limited to disengagement, post-collection donor care and post-collection blood processing). A current MUA may volunteer to fully cross train in all tasks if they choose to, but will not be required to do so. If full cross training is completed, the MUA will move to the Collections Technician job description. Pursuant to Section 5 above, current collections staff who volunteer to drive will all convert to the job title of Collection Technician II (CTII) (local agreements will be changed to reflect the change in job title).
- (2) If the number of collections staff in the CTII position that are newly hired or have volunteered to drive does not meet the business needs in any particular area, employees will be selected based on reverse order of seniority.
- (3) New hires will be solicited and hired based on their primary job function and placed in the appropriate existing bargaining unit and classification. For example, if the primary need is for a Driver, then a CTI will be hired; if the primary need is for collection of blood, then a CTII will be hired. There is no intent by ARC to lessen the size of either bargaining unit, and every effort will be made to maintain the integrity of each affected union's bargaining unit in relation to this cross-training agreement. Total CTI and CTII staff numbers are based on collection goals for that specific geography.
- (4) ARC will provide the Local Unions with copies of MUA and Collections Technicians job vacancy announcements and position descriptions in the region within ninety (90) days from the execution date of this Agreement. The Local Union will have an opportunity to provide comments and/or discuss the descriptions to the extent required by law.

NATIONAL ADDENDUM – AMERICAN RED CROSS

- (5) CTI's, upon the completion of cross training, will receive negotiated increases consistent with the Global Settlement Agreement.
- (6) The Parties agree that should significant problems occur during implementation of this initiative, ARC and the Local Unions affected will meet for an immediate resolution.

Section 8. Volunteers

- A. The Red Cross may utilize trained volunteers to perform non-regulated tasks and the regulated tasks of donor qualification, as set forth below:
 1. Volunteers will be permitted to perform certain defined responsibilities where the volunteer has received all of the necessary and verifiable training, so as not to negatively impact the SQuPP of blood products, which shall be identical to the training provided to bargaining unit employees.
 2. Volunteers will not be used to replace laid off bargaining unit employees or to displace or reduce employees scheduled to work. There shall be no layoffs of bargaining unit employees or diminution of wages and working conditions as a result of utilizing volunteers.
 3. Volunteers will identify themselves as volunteers.
 4. In the event the donor qualification process becomes automated and the Red Cross creates a role for volunteers, the Red Cross must provide sufficient advance notice and on-going briefings of all aspects of the plan to the Coalition, the affected bargaining unit(s) and the appropriate Joint Labor-Management Committee. Nothing in this Article shall constitute a waiver of the union's right to bargain over the effects of using volunteers.

Section 9. The Employer will comply with all applicable local, state, and federal staffing laws and regulations.

A side letter will be entered into for the SPC to meet and discuss the MUA cross-training issues in light of the recent departure of the IBT from the Coalition.

ARTICLE 10. STAFF SCHEDULING

Section 1. As of the time of this National Addendum, the Red Cross and the Coalition of Labor Unions established a Scheduling Advisory Group (SAG) consisting of members from labor and management. The goal of SAG is to collaborate on the development of a scheduling approach for all bargaining unit staff which provides a more predictable schedule and reasonable working parameters in order to increase staff satisfaction and decrease turnover.

Section 2. SAG will continue to focus on five key areas that staff reported (through a survey) as being most important:

- Getting the time off they requested
- Number of hours worked per week, including mandatory overtime, and Saturday and Sunday assignments
- Getting off at the scheduled end time of a drive
- Travel distance to the blood drive

- Schedules that do not change after posting

SAG will routinely evaluate and prioritize the key areas of focus.

Section 3. The Red Cross will regularly publish Collections staff schedules for at least three (3) future work weeks unless a Local Agreement provides for more advance notice. Prior to releasing the 3rd week's schedule, the Union Representative(s) or his/her designee(s) will be provided a one-day review period, if they choose to do so, offering suggested changes to APS before the final schedule is published.

Section 4. The parties agree to continue their collaboration on scheduling, and to negotiate on a national basis the above issues needing to be negotiated prior to any implementation. This negotiation will not constitute a reopener of this National Addendum, but the resulting agreement would be added as a supplement to the National Addendum when and if it is completed. Until such time, all current scheduling practices, except for those negotiated in this Agreement, shall continue as allowed under the existing Local Agreements, past practices, etc.

Section 5. Notwithstanding the above, the Red Cross agrees to the following:

- A. Provisions for guaranteed hours of work or pay per week in Local Agreements shall continue to be in effect.
- B. The Red Cross will make its best efforts to ensure that a minimum of ten (10) hours has elapsed since the employee's last compensable work for the Red Cross, and the start of the employee's next shift. In the event the employee is required to work within this ten (10) hour turnaround time, the employee will receive \$50. However, in lieu of the penalty pay, the employee may request to arrive late to their next assignment in order to have a full ten (10) hours between shifts. This request shall not be unreasonably denied. If the time between shifts is nine (9) hours or less, the request to arrive late shall not be denied. The employee shall provide appropriate notification per the regional policy no later than the clock out time of the previous shift. Once Red Cross systems are established to track the number of turnaround time violations, the number of requests of employees to arrive late to shifts and the number of times the mandatory late arrivals occurred, such information shall be reported on a quarterly basis to the Safety Committee and the Regional JLT and SPC.
- C. The Employer will make its best effort to avoid extending both fixed sites and mobile drives beyond the staff's scheduled end time.
 - (1) For mobiles, and whole blood only collections permanent sites (exclusive of integrated and Apheresis fixed sites), if any donors are still in the belt line more than forty-five (45) minutes beyond the scheduled end time, then the employees on that drive shall receive \$25 in extra pay. The Late End pay is triggered when the Phlebotomy End Time exceeds forty-five (45) minutes after the scheduled end time. For mobile drives, the "belt line" shall be defined as follows, for the purpose of triggering the payment of the Late-End Drive penalty. The end of the belt line shall be the time at which the last donor's Phlebotomy End Time is recorded (as reflected by the actual timestamp), plus 15 minutes. For example, if a drive is scheduled for 10:00am to 4:00pm, and the Phlebotomy End Time is 4:46pm, then the penalty will be paid to those staff still on the drive after 5:00pm. If, on the same drive, the last donor's Phlebotomy End Time VPN is 4:40pm, then no penalty will be paid. Any employee who is required to remain on the drive regardless of whether he or she is directly assisting a donor or working on another assignment which causes the employee to remain on the drive (include handling a donor reaction) more than one hour beyond the scheduled end of the drive, as defined herein, shall receive the late drive penalty pay.
 - (2) For Integrated and Apheresis Fixed Sites, a late end will occur if the Phlebotomy End Time (as reflected by the actual time stamp) exceeds the Last Appt End Target. Below is the logic supporting the late end definition:

- a. Identify the last appointment slot at each drive by procedure type
 1. Apheresis
 2. Double Red
 3. Whole Blood
 4. AB Plasma
 - b. Select the latest appointment time from the procedures listed under 2(a) as the Last App End Target Time;
 - c. Add the appropriate duration in minutes per procedure to the last appointment end time to arrive at expected Appt end time;
 1. Apheresis = 180
 2. Double Red = 75
 3. Whole Blood = 45
 4. AB Plasma = 80
 - d. Identify the last phlebotomy/bag & tube scan (donor disconnect) at the drive;
 - e. Compare the time stamps between procedure type and your scheduled end time;
 - f. If the phlebotomy end/disconnect time is greater than Last Appt End Target, the drive ended late.
- (3) As it relates to fixed sites and integrated Apheresis fixed sites, if either party identifies late end drives as a recurring issue at a fixed site and integrated Apheresis fixed site, the Red Cross agrees to meet with the local union within ten (10) business days to discuss the issue and potential solutions, including extending the late end drive penalty to fixed site and integrated Apheresis fixed site locations in accordance with this Article. The Red Cross will develop and collect data related to fixed site late ends within four (4) months of ratification, and present that data to the SPC on a regular basis. The SPC will work with the Fixed Site Task Force and produce a formal recommendation.
- D. During normal business operations the following procedures shall apply. For mobile drives, if, within the last fifteen (15) minutes, all appointment slots are filled, no walk-in donors will be accepted. If, within the last fifteen (15) minutes, there are open appointment slots, walk-in donors will be accepted.
- For fixed sites, the same principle would apply as long as an appointment slot for the same procedure is available. Only a five (5) minute grace period shall be provided to donors who arrive late to an appointment scheduled within the last fifteen (15) minutes of the drive.
- E. The Red Cross shall notify the Coalition and all Local unions of the start and projected end dates of any "appeal" for blood or any "urgent need" that it announces to the public.
- F. The sooner of June 30, 2023, or the implementation of BSF, for mobile drives, the last scheduled time for a whole blood donor will be 15 minutes prior to the end of the drive hours. For example, if a mobile drive is from 12:00 pm to 6:00 pm, the last whole blood donor appointment slot will be 5:45pm. This paragraph shall not interfere with Regions where this practice is already in effect, nor shall it limit a local union and the Region from negotiating and adopting this provision prior to the dates above.

ARTICLE 11. DONOR RECRUITMENT ACCOUNT MANAGERS

Section 1. Account Manager Incentive Program. All Donor Recruitment Account Managers (“Account Managers”) will participate in the Red Cross National Donor Recruitment Incentive Program. Prior to making changes to the design of the Incentive Program that are not de minimis, the Employer shall notify the Coalition and provide the Coalition with an opportunity to bargain such design changes prior to implementation.

Section 2. It is not the intent of the Employer to set unattainable goals or to penalize the Team for circumstances or events outside of their control. The Employer commits to reviewing such situations and determining appropriate course of action. The employer will provide the Coalition with the opportunity to meet and confer on any changes to the goal setting process.

Section 3. New Hire rates in each local agreement shall be modified to provide a minimum rate for Account Managers that represents a base rate of ninety percent (90%) of the market, that varies by geography, and shall be updated annually in accordance with Article 13 (regarding new hire rates), for Account Managers in each classification. The parties reviewed the current base salary and the historical incentive payouts for each Account Manager in each classification for fiscal years 2017, 2018, 2019 and 2020.

Section 4. Mileage and Expense Reimbursement

- A. Account Managers will utilize their personal vehicles for business related travel and be reimbursed at the rate of forty-five cents (\$.45) per mile per the Staff Expense Reimbursement Policy and Procedure Manual for each mile in excess of the first twenty (20) miles per day.
- B. Reimbursement for mileage is expected to reasonably cover all out-of-pocket driving costs and, thus, reimbursement for gasoline and other vehicle operation costs in lieu of the mileage rate is not permitted. Any parking fees or tolls incurred in connection with business travel are reimbursable and should be claimed using the Red Cross expense reporting system.

Section 5. Each employee is responsible for documenting and submitting travel expense reimbursement requests using the Concur system consistent with Red Cross Policy. The Red Cross will use reasonable efforts to reimburse employees as soon as practicable following submission of an expense reimbursement request through Concur but in no event no later than thirty (30) days after the expense reimbursement request is submitted.

ARTICLE 12. UNIFORMS

Section 1. Collections employees will be provided scrub uniforms according to the Collections Staff Scrub program. The program allows employees to purchase uniforms through an ARC designated vendor, with an annual uniform allowance. The Red Cross vendor shall be required to offer all sizes. If the selected vendor does not provide the size an employee needs, Staff may request to utilize a different vendor that can provide the size needed, in the required color. Such requests shall not be unreasonably denied by management and will be eligible for use of the allowance.

Section 2. Full-time staff and part-time Collections staff who work more than 20 hours a week will receive \$110.0 per year credit (approx. 4 sets of scrubs) and employees who work less than 20 hours per week will receive \$58.00 per year credit (approx. 2 sets of scrubs) annual uniform allowance. Credit amounts can be applied to any applicable shipping fees and taxes.

NATIONAL ADDENDUM – AMERICAN RED CROSS

The SPC shall establish a sub-committee to evaluate the style, quality, assortment of sizes and cost of uniforms. The work of the sub-committee will be used before the RFP process in the selection of a vendor before the June 2022 expiration of the current vendor contract.

Effective July 1, 2022, full-time staff and part-time Collections staff who work more than 20 hours a week will be provided with an annual Uniform Allowance that will provide the purchase of five (5) sets of scrubs, plus shipping, of the quality that Red Cross deems represents the image that Red Cross wishes its employees to present to the general public (e.g., \$25 per uniform x 5 = \$125). Employees who work less than 20 hours per week will receive an allowance that will provide for the purchase of three (3) sets of scrubs, plus shipping. From the above-mentioned Uniform Allowance, employees will have the opportunity to purchase other qualifying scrubs from the selected vendor.

Section 3. Collections employees must comply with the previously authorized colors of red (Sangria) tops and black pants. Uniforms will not be branded, and employees are to wear name tags with logos during work hours.

Section 4. Collections employees may purchase additional garments from an ARC designated vendor at their own expense.

Section 5. Collections employees may purchase at their own expense and wear a lab coat from an ARC designated vendor. Lab coats will not be considered personal protective equipment (PPE).

Section 6. All other Red Cross bargaining unit employees will continue to follow the uniform guidelines in their Local Agreements.

ARTICLE 13. COMPENSATION

Section 1. Wage Increases. The Red Cross shall provide a lump sum ratification payment of \$1350 for full time employees, and \$500 for part time employees, effective the second full pay period following ratification. Lump sum payments will not be made to terminated employees.

Section 2. Bargaining unit employees covered by this National Addendum shall receive a six percent (6%) across the board (ATB) raise effective the 1st full pay period after September 30, 2022; and a three percent (3%) across the board raise effective the 1st full pay period after September 30, 2023. Within ninety (90) days following ratification, the starting rate for all contracts shall be fifteen (\$15.00) dollars per hour. Any local contract with a higher starting rate shall be honored. The Red Cross will provide a lump sum payment of \$365 for full time employees and \$200 for part time employees, effective the first full pay period after September 30, 2024.

Section 3. All other base wage rate increases not addressed herein (including but not limited to new classification salary, hiring rates, progression scales, salary ranges, market driven increases) shall be addressed at the local level by and between the respective Local Union and the Employer.

Section 4. The Red Cross will conduct compensation studies to assess market rates in its regions. Local unions may also meet and confer with local management to discuss the need for a specific local compensation study. Unresolved issues may be escalated to the SPC for discussion and review. The study will follow existing Red Cross practices to market price the jobs leveraging Red Cross existing salary surveys. The results of the compensation study will be reviewed with the local union(s) and shall also be provided to the local union(s)'s representative on the SPC, who may make recommendations to the local union(s). This does not waive the Local Union's right to bargain any recommended changes.

NATIONAL ADDENDUM – AMERICAN RED CROSS

Section 5. Notwithstanding salary caps or maximums contained in the Local Agreements, each member of the bargaining unit shall receive all raises as described above.

ARTICLE 14. OVERTIME AND PREMIUM PAY

Section 1. Overtime at the rate of one and one-half (1 1/2) times an employee's regular straight time hourly rate of pay shall be paid for all work over forty (40) hours in one (1) week.

Employees whose regularly scheduled standard work week is less than forty (40) hours receive pro-rated holiday pay based on their standard work hours. For example, an employee, who is regularly scheduled to work a twenty (20) hour workweek, receives four (4) hours of holiday pay and an employee, who is regularly scheduled to work a thirty (30) hour work week, receives six (6) hours of holiday pay. - F. If an employee works both the observed and actual calendar holiday, the employee receives one and one-half times (1½) the regular rate of pay for hours worked on the observed holiday and will receive only the straight time rate of pay for any hours worked on the actual calendar holiday.
- G. When a holiday falls during an employee's scheduled paid time off (PTO), in order to receive holiday pay, the employee is required to work the last scheduled day before and the first scheduled day after the holiday.
- H. If a core holiday falls during an employee's scheduled PTO and the employee receives holiday pay, the employee's PTO balance will not be charged for the holiday.

- C. Employees, who are on an unpaid leave of absence on the grant date, will receive a holiday grant depending upon when the employee returns. If the employee returns during the months of January – March or July – September, he will receive a full bi-annual grant. If an employee returns during the months of April – June or October – December, the employee will receive half of the bi-annual grant.
- D. Floating holidays must be used within the period granted and will expire after June 30 and December 31, respectively; unused days do not carry over to the next grant period. The Red Cross will endeavor through the time off request process as managed by AP&S and Management, to apply available floating holiday time prior to applying accrued and unused PTO time, upon employee request.
- E. Floating holidays are paid at the employee's regular rate of pay, may be used in one-hour increments, and are required to be scheduled and approved in advance. Section 3. PTO Accrual Schedule

- B. Accrual Table

Length of Service	Annual PTO Days	Accrual Limit (hr)	Pay Period Accrual
Less than 3 months	0	0	0.00
3 months to 1 year	12	96	3.70
1 year	15	120	4.62
2 to 5 years	17	136	5.23
6 to 9 years	20	160	6.17
10 to 14 years	23	184	7.08
15 to 19 years	25	200	7.70
20+ years	30	240	9.23

- C. The amount of PTO earned each pay period is based on the employee's weekly standard hours. Weekly standard hours for full-time staff are forty (40) hours based on the standard work week. Employees who are regularly scheduled fewer than forty (40) hours a week earn a prorated amount of PTO.
1. For example, a full-time employee regularly scheduled with forty (40) weekly standard hours will accrue the full amount of PTO. A part-time employee regularly scheduled with twenty (20) weekly standard hours will earn fifty percent (50%) of the full amount because their standard hours are fifty percent (50%) of the full time forty (40) weekly standard hours. A full-time employee in a location with a standard 37.5 hour work week will earn a pro-rated amount of PTO days. For example, an employee with eight (8) years of seniority will accrue PTO at 5.77 hours for the pay period (20 days x 7.5 hours/26 pay periods).
 2. In consideration of Collections' scheduling practices, full-time Collections employees (including mobile and fixed sites) will accrue PTO on a 40-hour basis regardless of their location's standard work week.
- D. The Accrual Limit is the maximum PTO balance allowed at all times throughout the year. Once the Accrual Limit is reached, no additional hours will accrue until after PTO is taken and the PTO balance is less than the Accrual Limit. The Accrual Limit for part-time employees is prorated based on their regularly scheduled weekly standard hours. *For California employees, the Accrual Limit is 1.5 times the amount shown in the Accrual Table.*
- E. Employees must be in active pay status to receive PTO accrual for the pay period. Employees in unpaid status cease to accrue PTO.

Section 4. PTO Usage

- A. PTO eligible employees may use a maximum of forty (40) hours of PTO when taking a full week of PTO provided they have such PTO available.
- B. An employee may not take more than twelve (12) hours of PTO per day.

- G. PTO may be used for both planned and unplanned absences, and will be charged when an employee is absent during his or her scheduled hours.
- H. The American Red Cross will offer the following Prearranged and Ad Hoc PTO and Floating Holiday (FH) request program for Collections.
1. Prearranged PTO - Collections Staff will submit requests for prearranged PTO/FH during two (2) bid windows, on the first business days of September and March. The September bid window will be for time off for January 1st to June 30th: the March bid window will be for time off for July 1st to

December 31st. The employee will have three weeks to submit their requests. The employer will disposition requests no later than October 15th for the January through June period, and April 15th for the July through December period.

2. Local language regarding approving PTO by classification will be followed.
3. Ad Hoc PTO/FH covers requests for personal business or other events that cannot be foreseen or planned during the prearranged PTO bid windows.
 - A. The employee can only request Ad Hoc PTO after the bid window has closed. Ad Hoc PTO requests are first come, first served.
 - B. Ad Hoc requests can only be requested before the final staff schedule has been created. Once approved shall not be rescinded by the employer (unless due to extraordinary circumstances).
 - C. If Ad Hoc PTO is requested after the staff schedule is posted, the employee will review and disposition the request. The employer has the right to deny the request if the request would create a negative scheduling or operational impact on the business.
4. Waitlist: If an employee request prearranged time off that the employer cannot fulfill, the employee will be put on a waitlist. If that date opens up throughout the year, the employee will be moved off of the waitlist and given the opportunity to take the day the employee requested PTO. During schedule build, the employer reserves the right to review and approve and open more PTO slots.
5. Local Unions can opt out, however the Coalition will attempt in good faith to communicate the importance of the new program to all local unions.
 - I. When an employee uses PTO to cover an unplanned absence, the time will be accurately recorded by management as it is used. If an employee is on FMLA or extended medical leave and has exhausted his/her paid leave, the employee will be required to use all PTO with the exception of five (5) days, which shall be reserved.
 - J. An employee whose last day of work occurs prior to the end of the pay period will receive a prorated amount of PTO. Similarly, an employee who transfers into an employment status that is ineligible for PTO will receive a lump-sum payment for accrued but unused PTO.

Sick Bank For Limited Use: An employee can use hours from the sick bank in the event he/she has a continuous leave of absence due to his/her own personal serious illness or disability, unless otherwise required by applicable law. The first five work days of the continuous leave of absence must be covered by PTO or leave without pay. After the five work day waiting period, the sick bank balance will be available for use. For those contracts transitioning on or before January 1, 2016, the sick bank and its balance will be eliminated on December 31, 2018, unless otherwise required by applicable law. For those contracts transitioning on January 1, 2017, the sick bank and its balance will be eliminated on December 31, 2019, unless otherwise required by applicable law.

National grievances can be resolved at Step 2 only by majority decision of the National Grievance Committee in a written decision signed by members of the National Grievance Committee. A decision of the National Grievance Committee shall be final and binding on the Company and the Union.

Section 3. Arbitration

- A. If the National Grievance Committee cannot reach a majority decision and is deadlocked, the Local Union or Employer may refer the matter to the neutral arbitrator who shall make the decision. The arbitrator shall issue a concise decision on the underlying grievance by bench decision unless otherwise agreed to by the parties.
- B. The fees and expenses of the arbitrator, as well as hearing room and transcript costs, shall be borne equally by the parties. Each party shall be responsible for any costs associated with their representatives.
- C. The parties shall utilize a Standing Panel of seven (7) National Academy of Arbitrators (NAA) certified permanent arbitrators, among whom cases will rotate, randomly. The Standing Panel of arbitrators shall be established in the following manner:
 - 1. The parties will make a written request to the National Office of the American Arbitration Association to provide the parties a list of fifteen (15) NAA-certified arbitrators, national in scope;
 - 2. within ten (10) days of receiving the AAA list, the head of the Coalition and the Vice President of Labor Relations of the American Red Cross, or their designated representatives, will rank each arbitrator on the AAA list from 1 to 15 and return this list, by email, to the AAA;
 - 3. the AAA will identify and appoint to the Standing Panel the seven (7) highest mutually acceptable arbitrators;
 - 4. if any of the seven (7) arbitrators decline the appointment, the next highest mutually acceptable arbitrator will be designated by the AAA; and
 - 5. if, during the life of this agreement, should two or more arbitrators decline to remain on the Standing Panel, become disabled or deceased, the parties will promptly update their rankings of the remaining arbitrators from the original list provided by the AAA, and the highest mutually acceptable arbitrators will fill the spots to return the Standing Panel number to seven (7).
- D. An arbitrator will be randomly assigned to each deadlocked grievance at the NGC meeting by the NGC.
- E. If a national grievance has been deadlocked by the NGC, and the Union or Employer wishes to advance the matter to arbitration, the Union or Employer has sixty (60) calendar days to notify the assigned arbitrator of his/her appointment to preside over the arbitration, or the grievance will be deemed denied.

Section 4. Venue of Arbitration Hearings

- A. Before ruling on the merits of a grievance, the NGC will determine whether the grievance has been appropriately brought before the NGC, which only has the authority to rule on national grievances (as defined by Article 23, Section 1).
- B. Once the NGC rules on the status of a grievance, the grievance will be moved, if necessary, back to the local union. If the determination is made to move the grievance back to the local level, the local union grievance and arbitration rules and procedures, as outlined in the local's contract, shall govern and control. All durational requirements and rules for processing grievances at the local level shall begin upon notice to the local union by the NGC of the decision to move the grievance back to the local level.
- C. If a national grievance that proceeds to arbitration was brought by one local union and/or only affects employee(s) who are members of one local union, the arbitration shall be conducted at the nearest AAA office, not further than 50 miles from the local union of which

NATIONAL ADDENDUM – AMERICAN RED CROSS

the grievant(s) are members. If there are no AAA offices within 50 miles of the local union, the parties agree to mutually select a location within 50 miles from the local union. This provision does not preclude the parties from mutually agreeing upon an alternative location within 50 miles of the local union to hold the hearing.

- D. If a national grievance that proceeds to arbitration was brought by two or more local unions and/or affects employees who are members of two or more local unions, the arbitration will be held in one of the following locations: for grievances arising out of the Eastern region, Washington, D.C.; for grievances arising out of the Central region, Chicago, Illinois; and for grievances arising out of the Western region, Los Angeles, California. Unless the parties agree upon a location in each city in which the arbitration will be conducted, the offices of the AAA will be reserved for the hearing.

Section 5. Time Limit for Filing

- A. The parties may mutually agree in writing to extend any of the time limits set forth in this Agreement.

Section 6. Authority of the Arbitrator

- A. The decision of the arbitrator on any matter which shall have been submitted in accordance with the provisions of this National Addendum shall be final and binding on the Employer, Union and the employees. The arbitrator shall have no authority to add to, subtract from or otherwise alter the provisions of this Agreement, or impose on either the Employer or the Union any limitation or obligation not specifically provided for under the terms of this Agreement.

ARTICLE 24. SEPARABILITY AND SAVINGS CLAUSE

Section 1. Separability: The Employer and Coalition agree that if a court of competent jurisdiction or applicable Local, State, or Federal laws compel the invalidation or modification of any provision of this National Addendum, such provision shall be deemed inoperative, if found invalid, or modified to the extent required by law or a court of competent jurisdiction. With respect to a part of this National Addendum being declared invalid, it is the express intent of the parties that all of the provisions of the Agreement that are not declared invalid shall remain in full force and effect.

Section 2. In the event that any Article or Section is held invalid or enforcement or compliance with which has been restrained as above set forth, the parties affected thereby shall meet and confer regarding the affected provisions. If the parties are unable to arrive at mutually agreeable substitute language, then the matter shall be referred to a neutral arbitrator pursuant to Article 23 who shall resolve the dispute via interest arbitration.

ARTICLE 25. OTHER LEAVES

An employee will be given one (1) day of additional time off for every seven (7) days he or she was assigned to the disaster operation. not to exceed ten (10) days. This time off is not charged against the employee's paid time off and is not considered work time for purposes of calculating overtime. The National Addendum and Local Agreements shall remain in full force and effect through December 31, 2024, which shall be the contracts' expiration date. MEMORANDUM OF UNDERSTANDING NO. 1 – REGISTERED NURSES

This Memorandum of Agreement is by and between the American Red Cross (the “Employer”) and the following International and Local Unions (collectively the “Unions”):

Service Employees International Union (SEIU)

American Federation of Teachers (AFT)/Health Professionals & Allied Employees (HPAE)

American Federation of State, County and Municipal Employees (AFSCME)

Oregon Nurses Association

Local 3145, American Federation of State, County and Municipal Employees

SEIU Healthcare Michigan

1. The Employer and the Unions agree that in connection with Article 9 Staffing, Section 5 A4, the Employer will not layoff any member of the ‘Licensed Staff’ (defined as a Registered Nurse or Licensed Practical Nurse or job titles requiring equivalent licenses) for the purposes of implementing its right to utilize non-licensed staff (or lower level licensed staff). This prohibition against layoffs of licensed staff in connection with the utilization of non-licensed staff (or lower level licensed staff) will extend for the duration of the National Addendum.
2. The Employer is under no obligation to replace licensed staff who leave the employment of the Red Cross with similarly licensed staff.
3. This prohibition against layoffs is limited strictly to the implementation of Article 9 Staffing. Layoffs of licensed staff may occur as part of a reduction of force that is targeted at multiple job classifications and is based upon financial reasons not directly related to the implementation of this provision. Such reasons may include a closure or reduction of a location, district, region or subset thereof; or a substantial documented loss of revenue or loss of a hospital contract.

MEMORANDUM OF UNDERSTANDING NO. 2 – SEVERANCE

This MOU is entered into between the Employer (American Red Cross) and the Coalition (any “Local Union” which may become a party to the National Addendum), as part of the National Addendum. This letter is intended to memorialize the intent of the parties.

There is no national severance benefit agreement between the Coalition and ARC. Severance benefits shall be negotiated on a local basis. Where coalition employees who are involuntarily terminated due to a reduction in force and the local contract does not have a severance provision, the parties shall meet and negotiate in good faith regarding severance eligibility and benefits.

MEMORANDUM OF UNDERSTANDING NO. 3 – SCHEDULING ADVISORY GROUP

Section 1. The purpose of the SAG MOU is to document the intentions of the union coalition members and Red Cross management, recognizing that both parties desire an outcome demonstrating improved processes and resulting in an improved work/life balance for the employees. As referenced in Article 10, Section 2, the priorities are:

- Getting the time off requested (PTO)
- Number of hours worked per week, including mandatory overtime, and Saturday and Sunday assignments
- Getting off at the scheduled end time of a drive
- Travel distance to the blood drive
- Schedules that do not change after posting

Section 2. Schedule generation and distribution beyond the current 3-week Collections schedule will be prioritized accordingly by the SAG, identifying additional opportunities (beyond Article 10, Section 4) to improve lead time while also reducing changes. It is understood that different functions may have different scheduling requirements and processes based on the nature of the work being performed.

In reference to Article 10 Section 4, through efforts of the SAG, we shall endeavor to implement a two (2) day Collections schedule review period on or before December 31, 2019.

Section 3. In effort to approve more time off for bargaining unit employees and ensure that operations are properly staffed, the Scheduling Advisory Group will help refine the PTO request process outlined below with the intent to initiate rollout of a model program recommendation to all bargaining unit employees on or before July 1, 2019. The Employer and Local Union shall meet to negotiate a program, which includes, but is not limited to the topics below. Local unions who already have effective PTO approval programs may opt out of the process. The Scheduling Advisory Group will continue to provide regular updates on progress and results to the Senior Partnership Committee (SPC).

- a. 3 solicitation periods open (180-day, 90-day and 30-day) at defined intervals throughout the year will be offered.
- b. Employees will be permitted to request leave on anticipated leave accrual through the solicitation period(s) open.
- c. Acquisition Planning and Scheduling (APS) will first process multi-day requests in seniority order, followed by single day requests in seniority order.
- d. Months, weeks and days outside of the defined solicitation periods will be closed and PTO requests submitted for these timeframes will not be considered except for leave requests made within the 30-day period.
- e. Other items that should be incorporated into the recommended PTO request process include, but are not limited to a deadline to respond to PTO requests, the percentage of leave available during each solicitation period, etc.

Section 4. The Red Cross commits to continuing the two (2) consecutive days off initiative for Collections staff through the work of the Scheduling Advisory Group (SAG). Within six (6) months of implementing this Agreement, the SAG will work collaboratively to assess

and develop a plan for a pilot related to two (2) consecutive days off for other bargaining unit employees, including but not limited to employees in Fixed Sites, Hospital Services, etc.

The approach to the scheduling solution related to two (2) consecutive days off will adhere to provisions in the Local Agreements, including whether the Local Union would like to opt out of this initiative.

Section 5. The Employer will make its best effort to avoid fixed sites late ends. The Red Cross commits to establishing a Fixed Site Taskforce including fixed site bargaining unit employees, union representation and ARC Management, including Fixed Site CCE and APS Executive. The Taskforce will hold its first meeting within three (3) months post ratification with the intent to address late ends in the fixed site operations. The Taskforce will compare fixed site late end definitions against staff schedules and identify solutions to be implemented within ninety (90) days of solution development, sooner if operationally feasible. If there are still problems after the 90 days, they will be escalated to the SPC.

APPENDIX D – PAID FAMILY LEAVE POLICY

American Red Cross Paid Family Leave Policy

The American Red Cross recognizes that employees must balance work obligations with providing care for their families. The intent of the Paid Family Leave Policy CPFL is to provide eligible employees with a dedicated paid leave to support them while meeting family obligations.

The policy provides employees with up to twelve (12) weeks of paid leave at 80% of regular base salary or wage based on their weekly standard hours up to a maximum base equal to the IRS definition of a Highly Compensated Employee at the time of the leave (\$130,000 in 2021) to care for a close family member with a serious health condition ("Caregiver Leave") and/or care for or bond with children within the 12 months following the birth or placement (via adoption, surrogacy, or foster care) of a child in the employee's household ("Parental Leave"). Employees' own medical conditions are not eligible for this policy and are provided for by other applicable leave and disability benefit plans provided by the Red Cross.

The terms of this policy will be administered by the American Red Cross Absence Management Service Center (the "Leaves Administrator"). The Service Center can be reached at 1-877-860-7526. Employees will need to comply with any documentation and/or certification as requested by the Leaves Administrator.

Eligibility

To qualify for Paid Family Leave, you must be: (1) a regular full-time, or part-time employee who is normally scheduled to work at least 20 hours per week and eligible to earn PTO at the time of the qualifying event; (2) have worked for the Red Cross for at least one (1) year; and (3) have worked 1,040 hours or more (inclusive of paid time off and holiday pay) within the 12-month period immediately preceding the date the leave would begin. This policy does not apply to employees who are temporary, part-time scheduled fewer than 20 hours per week, or other non-benefits eligible employees.

Spouses and/or domestic partners who are both eligible employees may each take leave under this policy for the same qualifying event; however, managerial approval may be required for employees working in the same unit to be on leave at the same time.

Description of Benefit

Paid Family Leave may be taken for one or more of the following events consistent with how those events are defined under the federal Family and Medical Leave Act ("FMLA"):

- Caregiver Leave - for the care, treatment, or diagnosis of a physical or mental illness or condition of an employee's family member for whom the employee has caregiver responsibility. A family member under this policy includes the employee's spouse or qualified domestic partner, child, parent, grandparent, grandchild, or sibling with a serious health condition as defined by FMLA.
- Parental Leave - for an employee to bond with a child or children after the birth, adoption, or foster care placement, within 12 months following that event. The adopted or foster child or children must be under age 18. The adoption of a new spouse's or domestic partner's child or children is excluded from this policy. Parental leave cannot be taken during short-term disability following childbirth but can commence after approval by the disability insurer for return to work.

An event occurring prior to the effective date of this policy (either October 1, 2021, or, if an employee is covered by a Collective Bargaining Agreement, the effective date per the CBA) is not eligible for Paid Family Leave.

Up to thirteen (13) weeks of leave including a one (1) week unpaid waiting period under this policy may be taken within a rolling 12-month period. Employees can elect to use available PTO or Floating Holidays to supplement pay during the waiting period and while receiving pay under this policy. The combination of PTO, Floating Holiday, and Paid Family Leave hours cannot exceed an employee's normally scheduled weekly work hours. Unused leave under this policy does not carry-over to the following period. The usage period and amount of leave provisions also apply when the leave is used for a combination of qualifying events and when more than a single qualifying event occurs within the 12-month period. Additional leave may be available through other benefit policies, such as Paid Time Off ("PTO") if more time than provided under this policy is needed.

Caregiver Leave for the same family member can only be used once every 24 months following the first day of the previous Paid Family Leave for that family member. This does not apply if the previous Paid Family Leave taken for that family member was for Parental Leave.

Intermittent leave is not available under this policy and leave taken must be greater than a full week including the waiting period, based on the employee's regularly scheduled work week. A leave does not have to start on the first day of a pay cycle of the employee's standard work schedule. If less than one week of leave in total is needed, PTO or other available leave must be used instead of Paid Family Leave.

Where leave under this policy also qualifies for job-protected leave under other federal or state leave laws, such as FMLA, Paid Family Leave will run concurrently, and will be applied to any qualifying FMLA or state leave to the extent consistent with applicable law. An employee must also file a request for FMLA when applying for leave under this policy.

Leave taken under this policy that does not otherwise qualify for FMLA job protection will be treated as if FMLA applies for job protection purposes. For example, under the Caregiver Leave component, this policy covers care for family members that do not qualify under FMLA. Leave taken under this policy for a non-qualified family member would be treated the same as FMLA for job protection purposes.

Requesting Leave

Eligible employees must (1) notify their supervisor following their department's call-in policy or guidelines and (2) contact the American Red Cross Absence Management Service Center (the "Leaves Administrator") at 1-877-860-7526 at least 30 days in advance of the start of the leave. If leave is not foreseeable, employees must provide as much notice as reasonably practicable under the circumstances. Requests for leave under this policy must be made to the Leaves Administrator within 15 days of the qualifying event, except for Parental Leave. Employees applying for leave under this policy are required to submit the documentation requested by the Leaves Administrator to support the request. Where leave under this policy also qualifies for FMLA leave or similar state paid leave programs, employees must submit the required FMLA or state leave documentation, which may also suffice to support this policy's documentation requirement as determined by the Leaves Administrator. If the requested Paid Family Leave is not approved by the Leaves Administrator prior to requested start date of the leave, an employee can elect to use PTO while waiting for approval of the leave request beyond the one week waiting period. If the Paid Family Leave is approved, the Leaves Administrator will reinstate 80% of PTO hours taken beyond the waiting period with Paid Family Leave. If this results in an overpayment, the Red Cross will recover the overpayment following its standard recovery

procedures through Payroll. Failure to provide documentation requested by the Leaves Administrator in support of the leave by the due date set by the Administrator will result in the request being denied.

Benefits While on Leave

Eligibility for benefits continues during Paid Family Leave. Employees already enrolled may continue health and other insurance coverages during Paid Family Leave subject to the terms, conditions, and limitations of the applicable plans in which the employee may participate. Applicable employee and employer contributions towards the cost of benefits will continue while on leave and will be deducted from pay. If pay is not sufficient to cover the cost of benefits, the employee will be responsible for missed deductions through catch up deductions in future payrolls.

Beginning Paid Family Leave is not a qualifying event to allow changes to an employee's current benefit enrollment or the opportunity to elect new benefits. However, an event coincident with paid family leave such as but not limited to the birth of a child would be a qualifying life event allowing changes to be made to benefit elections. The Benefit Plan policy would be the primary determiner of changes allowed.

PTO will continue to accrue at the employee's standard rate.

Standard holidays occurring during Paid Family Leave will be recorded as such and do not extend the leave period or augment pay. Unused Floating Holidays that expire during the leave period (June 30 and December 31) are forfeited per the Holidays policy in the Employee Handbook. Floating Holidays will be granted biannually as scheduled in the Holidays policy.

Coordination with State Paid Family Leave Programs

Where an employee is also eligible for a state paid family leave benefit, benefits under this policy will coordinate and run concurrently with the state plan to the extent consistent with applicable law. The combined benefit received under the state and Red Cross programs will not exceed 100% of an employee's regular base salary or pay to the extent consistent with applicable law.

Return from Leave

Confirm your return-to-work date or any changes to the date with your Manager/Supervisor and the American Red Cross Absence Management Service Center at 877-860-7526 prior to coming back to work.

If the circumstances of your leave change and you are able to return to work earlier than the date indicated on your leave approval, you are required to notify the Absence Management Service Center in advance. Notification should be provided within two workdays after the change if the circumstance is known, and no later than two workdays prior to the date you intend to report to work.

If you don't return to work and need to extend your leave, notify the Absence Management Service Center and your department. If you do not notify your Manager /Supervisor of changes in your leave needs and do not return to work as scheduled, additional absences may be applicable to the attendance policy, which could result in discipline or termination. Additionally, failure to notify your Manager/Supervisor of changes in your return may result in the termination of your employment.

Your Manager/Supervisor must confirm your return to work with the American Red Cross Absence Management Service Center upon return in order to reinstate access to American Red Cross systems.

Other

Eligibility for leave ceases at the end of employment. Where an employee is on Paid Family Leave when employment is terminated, leave under this policy does not continue beyond the end of employment. Unused Paid Family Leave days are not subject to payout.

The Red Cross reserves the right to discipline employees who abuse this policy. Examples of abuse include but are not limited to, falsifying documents submitted to support leave or being untruthful about the reasons for requested leave.

The Red Cross reserves the right to modify this policy in whole or in part including cancellation at any time.

MEMORANDUM OF UNDERSTANDING

COVID-19 Supplemental Vaccine Program

American Red Cross & The Coalition of Red Cross Unions

This Memorandum of Understanding is by and between the American Red Cross and the Coalition of American Red Cross Unions, and the member unions thereof (jointly, “the Parties”):

In accordance with Article 18 of the National Addendum, the Parties seek to ensure the health, wellbeing and safety of Red Cross employees and ease the spread and impact of the coronavirus during the current resurgence of the virus.

Section 1 – Unvaccinated Employees:

Effective September 23, 2021, unvaccinated employees who wish to receive the COVID-19 vaccination will be provided with up to four (4) hours of special paid time-off (non-worked hours), in accordance with the following guidelines:

- Not to exceed the employee’s standard Workday weekly scheduled hours (e.g., 35, 37.5 or 40).
- In no event will an employee be entitled to receive more, in non-worked hours under this program, than what was actually lost.
- If the employee experiences an adverse reaction from the vaccine injection and must call out sick on the day of, or any of the three (3) days immediately following, the vaccination, the employee will not be charged attendance discipline. Furthermore, if the employee experiences any adverse reactions beyond this time frame and must call out sick, when supported by appropriate medical documentation from their doctor which is submitted to the Red Cross, the employee will not be charged attendance discipline. Employees may use available paid time off (e.g., PTO, Floating Holiday, etc.) or Leave Without Pay.

COVID-19 Booster shots, where the use has been approved by the Food and Drug Administration (“FDA”) and recommended by the Centers of Disease Control (“CDC”), will also be applicable under this Agreement.
- The above special paid time-off provision is contingent upon the employee properly recording their vaccination information on the HRNow system. Without proper recording, the time-off will not be compensated and will be treated as an unexcused absence.
