

Dear Duluth AFSCME Members,

Nobody should have to go to court over a leaky faucet or a broken doorknob. When Duluthians see something that needs fixing, we should have the tools to get it done.

Too many renters are waiting weeks, or even months, for basic repairs. That's why nearly 6,000 Duluthians came together to put **Right to Repair** on the ballot. It's about fairness, safety, and dignity and making sure renters can get timely, affordable repairs.

For AFSCME members, this issue hits home. Many of us are renters too, and we know that safe stable housing affects our families, health, ability to serve the public. **Right to Repair** reflects the same values we fight for every day: accountability, respect, and fairness.
