

SAVE RAMSEY COUNTY DETOX

RAMSEY COUNTY IS CLOSING DETOX!

This decision will:

- Displace dozens of frontline workers who save lives every day.
- Strip our community of critical, lifesaving resources.
- Lead to preventable deaths during a devastating drug epidemic.

United for Care

AFSCME Council 5, AFSCME Locals 8 and 151, community members, and labor allies are standing together to stop the closure of Ramsey County's Detox and Withdrawal Management program.

Lives are at Stake

Minnesota is in the midst of a drug epidemic. Instead of investing in care, **Ramsey County is cutting it and abandoning both workers and residents when they are needed most.**

Commissioners: Choose Life, Not Cuts

We call on the Ramsey County Board of Commissioners to:

- Rescind this directive to close the program.
- Invest in lifesaving detox services.
- Protect workers and the community.

Lives Over Profits – Keep Detox Open!
