

Dear AFSCME Basic and Merit,

Thanks to your support, your negotiating team reached a **tentative agreement late last night**.

It mattered that you showed up for your union to march, honk your car horn, holler, and stand together in solidarity. Your strength and unity at every action made this possible.

Stay tuned for follow-up communications with **meetings next Wednesday and Thursday** to review the tentative agreement in detail.

In solidarity,

Basic and Merit Contract Negotiations Team
