

MnDOT DAY ON THE HILL Monday, March 16

What It Is

An annual day at the Minnesota State Capitol where MnDOT union members meet directly with legislators to talk about our work, raise concerns, and advocate for DOT workers across the state.

Impact

Last year, members conversations made a real difference and successfully secured a **legislative audit of MnDOT's spending on outside contractors**. When we show up together, legislators listen.

Our Purpose

- ▶ Share our accomplishments and highlight the importance of DOT work.
- ▶ Raise concerns about issues like the growing use of third-party contractors.
- ▶ Build positive and constructive relationships with lawmakers and influence decisions that affect our jobs and public services.

Our presence at the Capitol **does indeed** make a positive impact for DOT workers across the State.

Join us. Your voice matters.
