

Dear Local Officers,

A few weeks ago, we invited you to complete our **May Day 2028 Local Participation Survey**. If you've already responded, thank you! Your input is helping the May Day 2028 Committee begin planning for a strong, coordinated effort across Minnesota.

If you haven't had a chance yet, there's still time.

At the 2026 AFSCME Council 5 Convention, delegates passed a resolution supporting participation in May Day 2028. As planning gets underway, we want to hear from every local, regardless of size, employer, or workplace restrictions.

Your feedback will help us:

- Understand your local's level of interest.
- Identify the types of activities your members could participate in.
- Develop resources and support for locals.
- Create meaningful ways for every local to participate, including those with no-strike provisions or other limitations.

The survey takes about **5 minutes** to complete.

[Complete the survey here.](#)

Even if your local is unsure how it may participate, your response is valuable. Knowing what support your local needs today will help us build a stronger statewide plan for 2028.

Thank you for taking a few minutes to share your local's perspective. Together, we can build a May Day that reflects the strength, solidarity, and voice of AFSCME members across Minnesota.

In solidarity,

May Day 2028 Committee
AFSCME Council 5
