

Attention AFSCME UMN Healthcare Workers,

Have you heard about the **major changes and cost increases the University is making to your health plans?**

Join us for our quarterly **AFSCME Healthcare Unit Meeting this Wednesday at 5 PM**. Our main topic will be these health plan changes, including:

- What's changing
- How the changes could affect your health benefits and costs
- What we can do about it together

Wednesday, August 12 | 5:00 PM

There are multiple ways to participate, including **in-person and virtual options**.

Click here to [RSVP!](#)

These changes affect AFSCME healthcare workers and our families. Come learn what's happening, ask questions, and be part of the conversation about what we can do next.

Your benefits matter. Your voice matters.

In solidarity,
AFSCME
